Dear elected representative,

I am writing to you as a constituent to express my continued, enthusiastic support for the East Phillips Urban Farm project. Our communities need shared communal space, good jobs, economic opportunity for local businesses and year-round access to nutritious, fresh and affordable food.

For generations, East Phillips has fought against countless proposals to bring more pollution into this overburdened neighborhood. For the last decade, this community worked tirelessly to win the ability to buy back the Roof Depot site and begin a process of healing and regeneration here.

I can’t wait to see this vision become a reality that brings overdue justice to East Phillips and countless other benefits to Minneapolis and Minnesota at large.

Thank you for everything you’ve already done to make this happen. Now, as the East Phillips Neighborhood Institute works to finalize funding to purchase the Roof Depot site, I ask that you help see this process through to the finish line.

Best,
