Student Solidarity Selfie Videos

Looking for a way to support your teachers in CFU who are fighting for their first contract?

Here's how!

- Film a short video (30-60 seconds) in support of contract faculty & CFU for use on social media.
- You can use this script: "*Hi! My name is _____ and I am in the _____ program in SCHOOL here at NYU. I support Contract Faculty because_____.*" (Think along the lines of: "*they deserve a decent salary"* or *"their working conditions are my learning conditions"* or *"academic freedom is my freedom to learn".*) Remember to keep it short!
- If you are filming using your phone, please film vertical, selfie style. Make sure you are not looking down at the camera!
- While you don't need to be particular about lighting-- please make sure that you are not standing in front of a window, as we definitely won't be able to see you.
- You can be sitting, standing, walking to class, outside, inside, etc– but we want to be able to see your face!
- If filming in small, enclosed spaces please be aware of ambient noise– it can make it hard for us to hear you.
- Once you film you can share your videos **here** or share via WeTransfer with: cfu.uaw@gmail.com
- You can also use that email if you are running into any issues with sharing your video.
- If you want to post the videos on your own social media, we'd love that too -- you can collaborate with @cfuuaw on Instagram and/or tag @cfuuaw on Twitter.

THANK YOU FOR YOUR SUPPORT!
