

Privacy Policy for Job Hours: Time Clock

Last updated: September 17, 2026

This privacy policy governs your use of the software application Job Hours: Time Clock ("Application") for mobile devices.

1. What information does the Application obtain and how is it used?

The Application operates strictly as an offline tool. It does not require any user registration or account creation. All data entered by the user (including equipment lists, tool tracking, time clock entries, names of borrowers, and QR codes) is stored locally on your device. We do not collect, transmit, store, or monitor any personal data on external servers.

2. Does the Application collect precise real-time location information of the device?

No, this Application does not collect precise information about the location of your mobile device.

3. Do third parties see and/or have access to information obtained by the Application?

Since all data is stored locally on your device, no third parties have access to your information.

4. Data Retention Policy, Managing Your Information

If you wish to delete the data you have entered via the Application, you can do so by clearing the Application's data or uninstalling the Application from your mobile device.

5. Changes

This Privacy Policy may be updated from time to time for any reason. We will notify you of any changes by posting the new Privacy Policy here.

6. Contact us

If you have any questions regarding privacy while using the Application, please contact the developer via the support email listed on Google Play.
