

*Organizational Goal: The goal is to have a light-transparent organization which will be backed by Marijuana and a system called - "greenbacks" backed by Green™ .*

### **What is this ?**

- Foundation - is the actual entity behind the alliance  
Alliance - is the project or initiative of the foundation;
- Greenbacks is the resource backed pillar stone which coins participating in the Alliance can build around

### **This is supported by an "alliance" referred to as the 420 Alliance .Specific goals are:**

- To educate marijuana advocates , dispensaries and growers on why crypto currencies in the 420 Alliance matter to them and overall guidance on how it applies to them.
- To innovate in this space to allow them to "hook" in to a system that benefits their particular service and business to help better them.
- The public as a whole, can use the benefits that cryptos offer them to receive better goods in a more efficient way.

**A community to-do list:**

As a foundation we expect the community to help out and participate as we are in this together!  
With that said it does need direction and proper communication led by people.
