

Virtual Maker-Ed Unconference

Facilitation Agenda & Notes

Unconference Time

Topic: Tool safety for at-home making

Group Norms

Please view on VMEU website

Contact Information:

Who participated in discussion, etc, in order to keep in touch and continue conversation:

Helpful Facilitation Prompts, as needed:

- o Everyone whip around to introduce and share needs
- o designate notetaker (use shared discussion notes space below)
- o "One common challenge I hear among us is..."
- o What is one constructive idea you or your school have already started working on?
- o What are top-of-mind concerns?
- o Share out of logistics ideas - tech support, class sizes, costs, transportation, sanitation, seating, sharing supplies, schedules
- o How might we share supplies and/or plan for equity of student experience?
- o Generation of maker topic activities or ideas, websites that could be useful, etc.

Discussion Notes & Resources

will be shared to larger Maker community at the conclusion of the conference

•

Optional Space to add Contact Information

As with the notes, will be shared to larger Maker community at the conclusion of the conference
