Rotating Habitat Focuses:

- For Pokemon with a * by their name in PVP, they require a legacy move. Take caution before evolving these during the event if the move is not available. ** means two legacy moves needed.
- Pokemon that have a **S** in PVP refer to the shadow form.
- Pokemon listed in PVP are likely not the form that will be used in GBL, this is just to clarify which pokemon to focus on catching.

Best Megas to use for Catch Bonuses:

(I didn't do all megas, but these listed below have the best overall typing coverage or are likely good substitutes for y'all who did the recent mega event. Trying to pick megas that are most effective and added some that are back-ups, niches, or megas for those who don't have broad variety of choices)

- Steelix (Ground/Steel) - **Best Typing Coverage (FYI Mega Steelix is available right now and only requires you to do one Mega Steelix raid to get enough candy!)**
 - Magnemite - Meta
 - Larvitar - Meta
