Locker #:

Giving The Basics Order Form

Giving the Basics and Louisburg School District have partnered together to help our students that have limited access to personal care and hygiene items meet their needs. "Giving the Basics provides the necessities of life, not covered by government assistance programs, that most people take for granted such as laundry soap, shampoo, deodorant, toilet paper and other personal care hygiene products." -GTB.

Items are available on a first come first serve basis and limited quantities are available from the distributor. These items are meant for student use. If the entire family needs help, the nearest food pantry is listed below.

Please return this form to your school nurse or social worker. The items will be placed discreetly in the student's locker as soon as possible. Please reach out to the nurse or social worker, if there is an emergency need for items.

All information is kept confidential. If you have any questions or needs, we are here to help you!

Sincerely,
Candice Prothe, RN.
