[12:33] <~Wildcard[GM]> You all wake up well rested to find that High Stakes ran off with all her drugs in the night.  
[12:35] \* Ansgar\_Stormcloud scratches his plunage as he wakes up, sitting up on the edge of his bed. Tired eyes check the pip-buck propped up near the bed for the time as he pulls the 9mm pistol out from under his pillow and puts the safty back on.  
[12:35] == Energy\_Flux [lostsoul101@Pony-pc2.f8v.96.24.IP] has joined #FoERevenge  
[12:36] <~Wildcard[GM]> The pipbuck is blinking, its display says, "Quest update"  
[12:38] \* Ansgar\_Stormcloud yawns as he sets the gun down next to himself and reaches for the small tablet like device. Lifting it up he rubs the sleepies from his eyes as attempts to figure out what the buck this thing was trying to tell him. Being a wastelander merc he had little to no exposure to Stable tech devices like this before.  
[12:38] \* Integrity opens an eye just a crack, pretending to be asleep  
[12:40] \* Mayhem rolls around in her bed, grumbling.  
[12:41] \* Starshine rolls over, somewhat bleary-eyed, sits up, and yawns.  
[12:41] \* Wildcard[GM] is happy to help, "Button furthest to the right,"  
[12:42] \* Ansgar\_Stormcloud eyes twitch as a tallon hovers over another button entirely. Sighing the merc moves his tallon over and presses the indicated button, grumbbling under his breath as he dose so. "To early for this shit..."  
[12:43] \* Mayhem grumbles. "Oh shut that noise." She digs her head into the pillow.  
[12:47] <~Wildcard[GM]> the screen goes to a screen with 3 options and a bunch of text: the bard, the knight, the Angel, The queen, The Cryomancer, the Pyromancer, The Diamond, The Lost Centrion, The sniper, The cripple.  
[12:48] <~Wildcard[GM]> each contain details, Ansgar\_Stormcloud can read the first, which is automatically displayed: The bard: Find Pandora.  
[12:49] \* Integrity rolls onto his feet, and begins to look for the others. Perhaps someone else is up.  
[12:49] \* Mayhem lies in her bad and appears to still be snoring. She pokes a hole in the bedcover with on of her horns.

[12:50] <Starshine> After a few moments, Starshine notices that she is covered in glitter. "...The hell?"

[12:50] \* Starshine does her best to remove the glitter with a combination of shaking and telekinesis.

[12:50] \* Ansgar\_Stormcloud is obviously awak and intereacting with the pipbuck 2000 given to him by their employers. Ansgar considers opening the files but instead looks at the other options first, wanting to see what ells this thing can do.

[12:51] <~Wildcard[GM]> your all in one room, in difrent beds, even if you were in your own rooms last night.

[12:51] <~Wildcard[GM]> the other option are: MAP, and INVENTORY.

[12:52] \* Integrity teleports into a bed in the room with the others "Huh, how am I...."

[12:52] \* Ansgar\_Stormcloud wonders how detailed and up to date a device that is over 200 years old could possibly be and activates it.

[12:55] <Ansgar\_Stormcloud> we are in dust bowl, right?

[12:56] <Ansgar\_Stormcloud> ((shit, put that in the wrong page))

[12:58] \* Ansgar\_Stormcloud stretches as he looks over the map happily supriised that it look so... up to date. How the hell did it know all this? Navigating away he decides to open up one of the files, choosing the bard first as he was curious to see what this "Bandora" place was... if it was a place, could easily be a pony, or something ells really.

[13:04] \* Integrity walks up to Angsar "What's with all the racket, does our ghost pal want attention again?"

[13:06] \* Energy\_Flux shoots up in the bed he was "zapped" into. "IDIDN'TDOITSIRI-oh. wait." he looks around. "Right. Not in barracks, not in jail." he says, sighing in relief and wiping his forehead free of sweat. Upon finding glitter, his eye twitches. "Damnit." he grumbles.

[13:06] \* Ansgar\_Stormcloud eyes twitch again as he waits for the file to load on the old peice of junk. "I wouldnt know what your talking about"

[13:06] \* Mayhem mumbles from her pillow. "Oh shut it! Some cows want ta sleep!"

[13:07] <Integrity> "But if it wasn't the ghost, who did turn that thing on?"

[13:09] \* Ansgar\_Stormcloud rubs his temple as he taps his back paw on the floor of the room, "Ghosts dont exist, they are just pony tails". WHY wasnt this file loading and how was he going to get it from stoping making noise before Mayhem crushed it for the sake of peice and quiet?

[13:10] <~Wildcard[GM]> <and dispite this you have a Ghost sitting here talking to you>

[13:11] \* Integrity snorts, "Fine did your Dash induced hallucination who occasionally speaks to Shift want attention?"

[13:11] <~Wildcard[GM]> <Shift can hear me too.>

[13:11] \* Shift yawns and peeks her head out from the covers. She had worked until 1 in the morning after returning from the clinic, her battle saddle modified with the new magic rifles and a slightly improved recharger sat at her side... "MOrning...." the changeling mutters as she flos out of bed and proceeds to buzz about "Someone say my name?"

[13:12] \* Mayhem lifts her head. A piece of bedcover hangs from her right horn. "Bloody totems...what tame is et?"

[13:12] \* Wildcard[GM] waves to Shift.

[13:12] \* **Shift** stares at the ghost for a moment and looks to the minotaur "Yeah, what time is it?"

[13:13] <**Integrity**> "Yeah, apparently Angsar doesn't believe in that ghost you were talking to yesterday."

[13:13] \* **Ansgar\_Stormcloud** rubs his temple some more, "To early", comments the griff to the large creature.

[13:14] \* **Shift** giggles "What a silly griffon... .. Go grab that pipbuck... "

[13:16] \* **Ansgar\_Stormcloud** gives the screen a good solid whack of his clenched Talon, "Come on! I clicked on the damn file. Load damn you!"

[13:17] <~Wildcard[GM]> The bard is current open, it switches to the map and shows a marker in Buckingham.

[13:18] \* **Ansgar\_Stormcloud** tilts his head, "Hummm... thats interesting. Dose it want us to go there... and how dose it know where we want to go... or what we want to do?"

[13:18] \* **Energy\_Flux** cleans himself off via his Super Amazing Cleaning Spell™, and hops out of bed, making sure his gear is all in place.

[13:19] \* **Ansgar\_Stormcloud** begruningly eyes the ghost, and look on his beaky face obviously waiting for some sort of explanation.

[13:19] <**Integrity**> I think so, didn't that one Unicorn Zony from the meeting yesterday want us to find a bard?

[13:19] \* **Shift** shrugs "I guess... "

[13:20] \* **Shift** begins floating upsidedown..

[13:20] \* **Ansgar\_Stormcloud** Stands up from the bed and stretches his wings, tiny little pops sounding off as he rolls his sholder, "Amongs other things... but I dont see how some dip-shit with a lute is going to help us take in Bleeding-Cunt"

[13:21] <**Integrity**> "Can't imagine what for though, what is he supposed to do, hurt Bleeding Heart's feelings with a particularly cutting ballad?"

[13:21] <~Wildcard[GM]> <there are others you could investigate too Shift, this barbarian doesn't know how to work the pipbuck though.>

[13:22] \* **Shift** nods "Neither do I..." she mutters "Ghostie says we can look into the others as well... They are all on the pipbuck"

[13:22] \* **Mayhem** climbs out of the bed, stretches and rises to her impressive height. "Can somepony please save that birdy from his sufferein'? 'tis painfull ta look at."

[13:23] \* **Ansgar\_Stormcloud** heres this and folds his wings, lifting the device back up and navigating back to the other files, opening them one at a time and reading them carfully.

[13:23] \* **Ansgar\_Stormcloud** ignores Mayhems comments as he scrolls through various screens and menues on the pip-buck

[13:24] <~Wildcard[GM]> The knight: Find Knight Bronze Heart. The map marker is located at the Apple jack rangers base

[13:24] \* **Mayhem** gets her clothes (yes, she was naked) and puts them on. She grumbles: "Next thing he does is beatin' it against a wall..."

[13:25] <~Wildcard[GM]> The Angel: find 1st Lieutenant Arch Angel, the Marker is at the Dam know as Damn'd

[13:25] <~Wildcard[GM]> The Queen: Find Mandarin, The marker is at The Hive

[13:26] <~Wildcard[GM]> The Cyromancer: Find Celsius, the map marker is at... the dragons den.

[13:27] <~Wildcard[GM]> The Pyromancer: Find Fahrenheit, heres is with the Cyromancers.

[13:27] \* Shift is peering over Ansgar\_Stormcloud's shoulder "I think the bard may be easiest... I dont want to bug the rangers or enclave... Or a dragon...

[13:28] <~Wildcard[GM]> The Diamound: Find Carbonite, the marker is deep in the mountains, in Super mutant turf.

[13:29] <~Wildcard[GM]> The lost centurion: Find Centurion Farasi

[13:29] <~Wildcard[GM]> The Sniper: Find NCR Ranger expedition company leader Maple "May" Day. The pipbuck has no map marker for this one...

[13:30] <~Wildcard[GM]> The Criples: Find Grim Whiptail. this one also has no map marker.

[13:32] \* Ansgar\_Stormcloud frowns, "Alright... so we have AJ-Rays, hate those tin-suited pricks. NCR, also hate those goody-goodies, Dragon lairs...I hate most of these things really. Well, except for the Hive, the place is pretty awesome".

[13:33] \* Shift frowns "Really dont like the name shes taken though..." the changeling mutters and buzzes about like an astronaut in zero g

[13:34] \* Ansgar\_Stormcloud scratches his beak, "Looks like our best bet is to either Head for Buckingham and look for this bard guy"

[13:34] \* Mayhem pokes Shift on the nose, sending her floating through the room

[13:34] <~Wildcard[GM]> <Six will be happy to see ya'll.>

[13:35] \* Ansgar\_Stormcloud cant stop himself before asking aloud, "Six". Realizing he had addressed... IT, the griffin winces again as he moves to his gear and starts dressing in his armor.

[13:36] <Ansgar\_Stormcloud> ((Ment to have a ? after that, as in, "Six?"

[13:36] <Ansgar\_Stormcloud> ))

[13:36] \* Shift continues to grump despite the boo on the nose that sends her flying into a wall

[13:36] <Shift> boop\*

[13:37] <Integrity> "Eh, why not, let's get this over with."

[13:37] <~Wildcard[GM]> <Six String, the leader of the Deck of 52, we we're brothers in arms for a long time...> he sighs sadly <but that was a long time ago...>

[13:40] <Shift> "So lets decide then! Where are we going?"

[13:41] <~Wildcard[GM]> <anyway, Y'all should head out. clocks ticking, chop mother fucking chop.>

[13:41] <Shift> "I vote for the Bard..."

[13:42] \* Ansgar\_Stormcloud pulls the straps on his gear tight as he shoulds his backpack, sliding the pipbuck 2000 into place where he can easily access it on a side pouch. "Alright, Lets gear up so we can make some dust out of this dump. We still have to make one stop at a junk shop to pick up some gear I had commissioned but I would like to have this place be a speck on the horizon by noon"

[13:42] <Integrity> "I have no objections to that."

[13:42] \* Ansgar\_Stormcloud smirks, "Next stop Buckingham"

[13:42] <~Wildcard[GM]> <fuck yeah!>

[13:43] \* Shift blinks "Oh yeah! I need to go bug the general goods store... I couldnt last night disguised as Ghostie over there..." she replies and floats back to the ground before vanishing in a flare of orange and green. A moment later the cream colored mare Bon Bon is back

[13:45] \* **Mayhem** still flinches a bit at the transformation and continues to get her stuff  
[13:45] <~Wildcard[GM]> <yeah... That foal is probably mine.>  
[13:46] \* **Ansgar\_Stormcloud** groans, "Fine, but just be quick about it and find us at the junk shop. The faster we go through this check list our employers seem to have left for us the faster we can collect our reward"  
[13:47] \* **Shift** smirks "Get used to it... If were working together im gonna be doin it a lot" she replies and starts heading to the elevator..  
[13:57] \* **Starshine** gets to her hooves and collects her things. Somehow her mane and tail fall perfectly into place without needing to be brushed.  
[13:58] <~Wildcard[GM]> the town is bustling, even in the morning, a Small caravan is on the far side of town, in the direction of Buckingham.  
[13:59] \* **Ansgar\_Stormcloud** places his pistol back into its holster before exiting the hotel room and making a b-line to the junk shop to pick up his order.  
[13:59] <~Wildcard[GM]> The colt has his order ready!  
[13:59] \* **Energy\_Flux** makes sure to /not/ wear his robe and wizard hat. He'll put that stuff back on after he's left town.  
[14:00] <~Wildcard[GM]> good idea, there are deputies walking around.  
[14:02] \* **Shift** mutters in annoyance as she walks "Cant wait until we get out of here... Dont need to stay disguised"  
[14:02] \* **Ansgar\_Stormcloud** pays the small pony for as many radios as he has ready to go  
[14:02] \* **Shift** sees nothing of interest and waits  
[14:03] <~Wildcard[GM]> The Caravan starts heading in the direction of Buckingham looks like their haveing a arguement.  
[14:03] \* **Mayhem** waiting for the rest to be done, she engages into conversation with Shift. "So, lass. How do ye actually survive out here in tha wastes?"  
[14:05] \* **Shift** shrugs "ITs not that difficult... I just volunteer at clinics or fix stuff up"  
[14:05] \* **Ansgar\_Stormcloud** pays for 6 radios and head out to find the reast of the group.  
[14:05] \* **Mayhem** looks down to her. "What do ye feed off again?"  
[14:07] \* **Shift** shrugs "Happy feelings? LOve? Friendship? So long as the ones im around are happy with me im content"  
[14:08] \* **Mayhem** raises an eyebrow. "Tha' simple, huh?" She extends a hand to her. "Friends?"  
[14:10] \* **Shift** chuckles "Dont need to say it, i can feel if you mean it or not" nonetheless she extends a hoof and shakes her hand  
[14:11] <~Wildcard[GM]> <yes make friends with the big one, she'll make a great meat sheild~> snirks Wild Card.  
[14:11] \* **Ansgar\_Stormcloud** walkds down the street, spotting Shift (or Bon-bon as she was disguised now) and Mayhem. Stepping closer he unslings his pack and reaches inside, "Gift time, got some gear for ya here".  
[14:12] \* **Mayhem** chuckles. "Well, we girls have ta hold together, don't we?" She ruffles her mane lightly and grins. She turns to Grim. "What do ya have fer us?"  
[14:13] <**Mayhem**> \*turns to Ansgar  
[14:14] \* **Ansgar\_Stormcloud** tosses the two of them one radio each, "Short wave, not much range but if were working together I want to stay in touch. You can worry about paying me back later"  
[14:15] \* **Ansgar\_Stormcloud** points to the bickering ponies at the caravan nearby, "Whats going on here?"  
[14:15] <~Wildcard[GM]> The caravan has stopped to bicker.

[14:16] <Integrity> "Idk, someone forget to pack their sweetrolls?"

[14:16] \* Mayhem starts to head over to the caravan. "Let's find out."

[14:16] \* Integrity follows Mayhem

[14:16] <~Wildcard[GM]> Integrity is struck by lightning.

[14:17] \* Shift nods and grabs the radio "Thankye" she says and starts bouncing along to the caravan

[14:18] \* Ansgar\_Stormcloud flinches at the strange occurrence, eyes going up to look for some sort of pegusus that may have been playing a crule trick. He aslo takes some time to give everypony a radio

[14:18] \* Integrity Integrity, visibly shaken, looks into the sky. "What the actual fuck?"

[14:18] \* Energy\_Flux jumps as one of his acquaintances is struck by lightning. "It wasn't me this time!" he shouts, more on instinct then anything else.

[14:19] <~Wildcard[GM]> A pegasus filly looks down from a cloud, "Oops... sorry mister!"

[14:19] \* Ansgar\_Stormcloud waves a angry fist at the filly, "Get out of here you runt!". Once done scolding he follows Mayhem

[14:20] == Starshine [silverlight@voiceofequestria.com] has quit [Quit: brb!]

[14:20] <Integrity> "I'll be fine, but what are you doing up there? Do your parents know where you are?"

[14:20] <~Wildcard[GM]> the filly meeps and flees.

[14:20] == Silverlight [silverlight@voiceofequestria.com] has joined #FoERevenge

[14:21] <Mayhem> "Bloody totems!"

[14:21] \* Shift raises an eyebrow "That was harsh" she mutters, her voice taking on a random high pitch

[14:21] == Silverlight has changed nick to Starshine

[14:22] <~Wildcard[GM]> As Shift, whos the only pony doing anything productive, approaches the caravan she can hear the argument, "... an ah' say we do need some pertection yah daft mule!"

[14:22] \* Starshine takes the radio, looks it over, and stuffs it into a saddlebag, only having the vaguest idea how to operate it.

[14:22] <Integrity> "Hmm, Guess we'd may as well figure out what has these caravaneers' manes in a twist. think that pegaus hit one of them too?"

[14:23] \* Shift approaches the source of theargument and stops "I hear you need protection? Where are you all headed anyway?"

[14:25] <~Wildcard[GM]> a mare with light leather barding with a cowbuck hat steps forward, "Yeah, we're heading to Buckingham an I don't trust that lot further then I can throw them."

[14:26] <Ansgar\_Stormcloud> (will ignore what the GM said as he and Mayhem were also with shift as she left to see about the caravan)

[14:26] \* Mayhem punts her APG into an open hand like a club. "Well, we could be able ta help."

[14:27] \* Shift nods "Yes we could... With one condition..."

[14:27] \* Ansgar\_Stormcloud nods, "You dont say... well we are heading that way as well"

[14:28] \* Ansgar\_Stormcloud eyes shift, wondering what the changling would say. he didnt like her speaking for the group but was willing to see where she was going.

[14:29] <~Wildcard[GM]> The mare looks them all over, "Y'all look tough... yeah, sure, feel free ta tag along." she waves to the old, shoddily armored chariot that two stallions are pulling, "Make sure the boys don't get shot, or the wagon don't loose a wheel." she offers a hoof, "Names Whiskey, Whiskey Rose. and you lot are?"

[14:29] \* Integrity doesn't know where SHift is going with this, but decides not to convey a sense of disunity to the caravaneers

[14:30] \* Shift nods "Shift.. .And as for the condition... Just dont freak out" she replies and erupts into flame returning to her natural form "Im not tiring myself out just travelling..."

[14:31] <~Wildcard[GM]> "Pfffts, Like I give a fuck, what'cha doi, roll around tiant as a filly?"

[14:31] <~Wildcard[GM]> a grumpy looking mule looks the group over from on top of the wagon, eyeing them with suspicion.

[14:32] <~Wildcard[GM]> a pair of foals peek out of the chariot too!

[14:33] \* Ansgar\_Stormcloud slowly shakes his head as he rubs his temple, and here he thought she was negotiate some pay. "Alright, well whenever you are ready to go we are set"

[14:33] \* Shift gives the foals her most unscary smile and a wave

[14:33] \* Starshine looks over the caravan, not really giving a shit if anyone thinks she looks suspicious or not. Upon seeing the foals, she feels a pang of sorrow as she is reminded of Resin Balm.

[14:34] <~Wildcard[GM]> the unicorn colt waves back, his sister wimpers and trys to look smaller. "I'll pay each of ya two fiddy for protection. deal?"

[14:34] <Mayhem> "So what troubles do ye usually come over on ye travels?"

[14:35] \* Energy\_Flux stands around feeling kinda naked without his hat, but too paranoid to put it on this close to town.

[14:35] \* Ansgar\_Stormcloud perks up a bit at the mention of caps, "Sounds good"

[14:36] <Integrity> "I agree, we need to know what troubles follow you before we agree on a price."

[14:36] <~Wildcard[GM]> "Fucking raider scum bags, Bleeding cunts fucks useally just ask for toll, but we t'ain't 'ead'in dat far north."

[14:37] <Mayhem> "Sounds good ta me then."

[14:37] \* Shift buzzes up into the air and floats upsidedown in front of the foals "Oogaboogaboo!" she giggles trying to make em happy

[14:38] <~Wildcard[GM]> The mule grunts, brandishing his hunting rifle, "I can knock a raiders hat off at 20 yards hon," Rose snorts, "Ya, but yer fucking supposed to shoot their face hon."

[14:38] \* Ansgar\_Stormcloud shrugs, "You had me at 250, if something is going to cost me more than that in bullets I probably wouldnt be walking away from it anyway"

[14:39] <~Wildcard[GM]> The colt giggles and boops Shift's nose, the filly eeps and hides under the boxes inside the cart.

[14:39] <Integrity> [Barter] "Now hold on a minute, Bleeding Heart is a dangerous enemy to have, if you want our protection you're going to have to pay a fair bit more than that. Can you agree to pay 350 a head?"

[14:41] \* Shift frowns at the sisters reaction "Aww, dont hide. IM not /that scary/ "

[14:42] <~Wildcard[GM]> The colt gigles, "Sissy's just shy." he goes to search for is sister. Rose hmmm, "sounds fair enough, three fiddy it is!"

[14:43] <Mayhem> "Golly! That's even better!"

[14:43] <Integrity> "They say that one of Bleeding Heart's lieutenants has recently made a highly costly mistake he doesn't want the boss lady to discover and is looking to make up the lost sum. Trust me, if you run into that fucker, his fee will much higher than ours."

[14:44] <Integrity> \*will be\*

[14:45] \* Shift nods "Alright... I wont bug your sis then... HOw bout you. Whats your

name?"

[14:45] <~Wildcard[GM]> the mule grumbles unhappily, Rose grins, "glad to have all ya'll on board!" she turns around and starts walking, "Jiff, Kiff, move yer plots." the two large, heavily armored stallions grumble, "Yes sis..." and start walking.

[14:45] <~Wildcard[GM]> the Colt smiles, "I'm shorty!"

[14:46] \* **Mayhem** starts to walk aside the cart.

[14:47] <**Integrity**> "Likewise" Integrity says, offering Whiskey ROse a hoof.

[14:47] <~Wildcard[GM]> the Mule looks Mayhem over, "so what tribe you from?"

[14:48] <~Wildcard[GM]> Whiskey shakes it, she has a very firm hoof shake, it feels like she could dislocate your arm if she fancied.

[14:48] \* **Shift** grins "Hey Shorty, im shift"

[14:48] \* **Mayhem** scrunches up her face. "Me...really dun like ta talk 'bout it. Has something ta do with Bleeding Heart..."

[14:49] <~Wildcard[GM]> The colt beam, "Nice to meet'cha Shifty!" Sissy peaks out at Starshine.

[14:49] \* **Starshine** catches the filly's gaze and gives her a gentle smile.

[14:50] <~Wildcard[GM]> Sissy smiles back shyly.

[14:50] \* **Ansgar\_Stormcloud** stands off to the side, very unsocailly. His one good eye keeps an eye out, it had been nearly half an hour since he had seen the (so called) "Ghost" and he was starting to feel pretty good for his sanity.

[14:51] \* **Shift** chuckles and looks to Sissy and Starshine "Adorable aint they" she mutters to the alicorn

[14:51] \* **Mayhem** looks over to the mule. "Ahm sorry, but ah dun' want ta draw any attention ta me, before I am ready."

[14:52] <**Starshine**> "Indeed."

[14:52] <~Wildcard[GM]> The caravan slowly moves furthur and further away from dust Bowl, untill its just a spec on the horizon, the towers of Buckingham comeing into view...

[14:53] \* **Shift** keeps the small colt company as she stays in the air, keeping an eye out for any trouble

[14:53] <~Wildcard[GM]> the colt and filly stow away among the boxes and crates, Rose eventually gets into the drivers seat, napping as the mule scans the horizon with his sniper rifle.

[14:54] <~Wildcard[GM]> Shift's mane starts to itch.

[14:54] \* **Energy\_Flux** finds himself rather bored after putting his hat back on, and casts "detect others" as he walks.

[14:54] \* **Shift** does a flip and scratches er mane... She aint pinkie! She wont understand what that means

[14:55] <~Wildcard[GM]> Shift hears Wild Card whisper in her ear, <duck.>

[14:56] \* **Shift** blinks and stares at Wild Card "huh?"

[14:59] <~Wildcard[GM]> Wild Card Face hooves and asserts direct control over Shift, forcing her down as bullets starts flying from etheir side of the caravan, missing Integrity and Ansgar\_Stormcloud, "HIT THE DECK!" he roars befor lets Shift take over again.

[14:59] \* **Energy\_Flux** cancels his spell... Just in time to get startled by gunfire and the subsequent shouting.

[15:01] \* **Shift** tumbles on the ground, Wild card was not a pegasusafter all, flight probably was not something he was familiar with "Augh! Dont do that!"

[15:02] \* **Ansgar\_Stormcloud** dose not duck, or hit the ground, as a matter of fact he looks tottaly... nonplussed at the whole situation

[15:04] <Integrity> \*/me ducks

[15:05] <~Wildcard[GM]> The raiders pop out of fox holes all around the party, one takes a bullet to the face from the mule, Rose jumps and grabs her shot gun, Jiff and Kiff just take off running, intent on ramming the raiders in front of them... (combat now begins.)

[15:06] \* Shift looks up and stares at a single raider, not noticing the others "Fuck"

[15:11] \* Shift fires her rifles hitting the raiders, grinning the changeling tries again but frowns as the rifles glitch "Aww commin..." she mutters and triggers he jambuster on her saddle

[15:12] \* Mayhem pulls her APG out and fires two shots at the thickest conglomeration of raiders. "Come git some yer idiots!"

[15:13] <~Wildcard[GM]> The raider yelps, "BITCH!"

[15:14] <~Wildcard[GM]> Mayhem's gun misfires!

[15:15] <~Wildcard[GM]> ... and misses, the raiders scramble away from where she was intending to hit though, "FUCK!"

[15:17] <~Wildcard[GM]> one is now limping away from where Mayhem shot, a bloody stump where his lower left leg used to be, "Fuckingbitchwhorecow!"

[15:18] <Mayhem> "Come over here an say that ta me face, stub!"

[15:19] <~Wildcard[GM]> "Bitch I will rape you 50 shades of purple!"

[15:19] <Mayhem> "Oh yeah? I wanna see yer tiny dick even tryin'!"

[15:19] \* Shift cant help but giggle "What a civilized bunch"

[15:20] <~Wildcard[GM]> "The rest of us will fuck yer bugs leg holes!"

[15:20] <~Wildcard[GM]> "But i'm gay."

[15:20] <~Wildcard[GM]> "NO ONE CARES JERRY!"

[15:20] \* Starshine lunges at the raider Shift injured, wingblades extended.

[15:21] <Mayhem> "Well ye hafta get by me first!"

[15:21] \* Shift raises an eyebrow "Thats a new one... Fuck my holes..."

[15:21] \* Ansgar\_Stormcloud cassual takes in the fire, still not moving for cover

[15:22] \* Integrity represses an urge to facehoof

[15:22] <~Wildcard[GM]> The raider blinks as he see's Starshine coming, "OHSHI-!"

[15:24] \* Starshine misses her lunge, spins around and swings twice more, still missing both times. She curses and takes to the sky, getting a bit of distance so she'll be harder to hit.

[15:25] <~Wildcard[GM]> The raider has assumed the fetal posion and is curled in a pile of his own filth.

[15:26] \* Energy\_Flux charges up his horn, concentrating as best as he can. A cloud slowly forms above him.

[15:29] == Ansgar\_Stormcloud [45fe4d0f@Pony-7jgann.ga.comcast.net] has quit [Quit: Page closed]

[15:31] <~Wildcard[GM]> Your gryphon companion brings two raiders down in a rather merciless hail of gun fire, one being Jerry, the gay raider.

[15:34] <~Wildcard[GM]> "Oh my goddess, they killed Jerry!"

[15:34] <~Wildcard[GM]> "You basterds!"

[15:34] <Mayhem> "Shut yer trap! Ye attacked first!"

[15:35] <~Wildcard[GM]> "fuck you, i'ma eat yer udders!"

[15:35] <~Wildcard[GM]> "does her kind have udders?"

[15:35] <~Wildcard[GM]> "Shut up and shoot you moron!"

[15:39] \* Integrity casts amplify on Mayhem's grenade launcher "your grenades are about to get a whole lot louder, make sure you don't blow them up too close."

[15:42] <~Wildcard[GM]> The raiders haphazerdly pepper the group with 9mm bullets from

all sides, save the front, from which the cravan has ramed through.

[15:43] \* **Mayhem** laughs loudly. "I could be yer face in with me tits, lad!"

[15:50] <~Wildcard[GM]> one pops up on the main road, forcing the caravan to stop, "SUCK FIRE CUNTS!" theres a loud FOOM! and the caravan catches fire, said raiderleaps over the stalions, Bucks Whiskey rose out of her seat befor flipping onto the top and apple bucking the sniper mule right in his face, throwing him from the top of the carriage. she nimbly flips off the top and lands on all fours as the caravan tips over and lands on to its side as the stallions try to get free.

[15:51] <~Wildcard[GM]> NEW CHALLENGER! Raider battle mage. "Sup cunts" she smirks at her crew and the party.

[15:58] <~Wildcard[GM]> The raiders collectively smirk, "Its the boss mare, fuck yeah!" Shorty and Sissy scream and cry as they try to escape the now burning caravan that acted as their safe haven from gun fire.

[16:02] \* **Shift** watches the caravan tip over, "Lovely..." she mutters and opens fire on the boss

[16:02] <**Mayhem**> "Oh I will show ye cunt, bitch!"

[16:05] <~Wildcard[GM]> The boss mare grins, "Oh look, Pretty lasers, it it a rave party?"

[16:11] <**Integrity**> "MAYHEM, LIFT THAT WAGON!"

[16:15] <~Wildcard[GM]> "Yes, make the oversized Brahmin do all the heavy lifting."

[16:16] \* **Mayhem** charges the boss mare through all the raiders. "Fuck all o' ya!"

[16:17] <~Wildcard[GM]> Raiders go flying like bowling pins as Mayhem charges through them, one trampled beneath her hooves.

[16:23] \* **Mayhem** barrels right into the boss mare, spaer pointed forward.

[16:27] <~Wildcard[GM]> Mayhem misses, the Mare Smirks, grabs her arm as it passes her, and uses Mayhem's own momentum to hurl her through the air.

[16:31] <~Wildcard[GM]> [[ System error, recalculateing. ]]

[16:32] <~Wildcard[GM]> Mayhem is merely stumbled as she misses her thrust with mighty spear.

[16:34] \* **Starshine** makes a beeline for the burning wagon.

[16:35] <~Wildcard[GM]> The door is not obstructed but on Fire, Shorty is curled around his balling sister.

[16:39] \* **Starshine** opens the door with telekinesis, and floats the two foals out of the burning wagon.

[16:40] <~Wildcard[GM]> Shorty is on fire, Sissy is fine, just crying her eyes out.

[16:41] \* **Starshine** floats the foals to the ground, a safe distance from the burning wagon, and sets about putting Shorty out.

[16:42] <~Wildcard[GM]> Shorty rolls around as soon as you put him down to extguish himself, Sissy clings to Starshine's leg and cries.

[16:45] \* **Starshine** wraps a wing around Sissy and glares at the raider boss mare.

[16:47] <**Starshine**> As soon as Shorty puts himself out, she gathers him close and wraps her other wing around him.

[16:53] \* **Energy\_Flux** charges up and lets loose his cloud's bolts.

[16:56] <~Wildcard[GM]> Boss Mares mane has transformed into a porcupine and she twitches a little, "Don't fucking kill the wizard cunt, I'm going to chop off his fucking horn and rape his shit." she snarls.

[16:57] <**Integrity**> "Watch out Flux, we're dealing with a badass"

[16:58] <~Wildcard[GM]> "An Y'all can have the pretty one."

[16:58] <~Wildcard[GM]> Ansger downs another raider befor his gun jams.

[illegible]

[17:51] \* **Starshine** continues doing her best to comfort the foals.

[17:56] \* **Energy\_Flux** starts crawling to cover, starting up another cloud spell as he goes.

[17:57] <~Wildcard[GM]> The closest cover is the safty of Starshine's sheild... or the burning wagon.

[17:57] \* **Shift** notices the crawling pony... {Crap... Looks like hes next}

[17:59] <~Wildcard[GM]> 2 more Raiders fall under Ansgers bullets.

[18:00] <**Integrity**> Integrity takes a deep breath from an inhaler of dash and pushes the Raider Mage's mute button, so to speak

[18:02] <~Wildcard[GM]> Boss mare can't hear shit now, makeing her scream LOUDER "FUCKING CUNTS!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!"

[18:03] <~Wildcard[GM]> The riaders have ofcially lost it, they scramble, most fleeing, 5 remaining.

[18:05] <~Wildcard[GM]> the remaining five shoot at Mayhem to try and make her drop their boss.

[18:08] <~Wildcard[GM]> Rose is clawing (hoofing?) at Starshine's sheild to try and get at her foals.

[18:08] <~Wildcard[GM]> Sniper mule fires and misses.

[18:09] <~Wildcard[GM]> the brothers tackles two of the raiders and tart trying to turn their skulls into paste. 3 remain for shift and the others.

[18:11] <**Mayhem**> "Ye gits have ta use more than 'dose pea shooter ta take me down!"

[18:13] <~Wildcard[GM]> "SHOOT THIS FUCKING BITCH YOU WORTHLESS CUNTS!!!"

[18:19] \* **Shift** flies over to Energy\_Flux however due to /something/ she lands awkwardly right onto the ponies legs... HARD. "Ah crap"

[18:21] \* **Energy\_Flux** screams a very loud "FUUUUUU-" in agony at his legs having a changeling land on them.

[18:25] \* **Mayhem** pulls out her Magic Energy Spear and stabs the mare twice.

[18:27] <~Wildcard[GM]> this proves MUCH better at silenceing her as Mayhem hits one of her lungs.

[18:28] <~Wildcard[GM]> Boss mare vomits a combination of blood and her lunch (which was one of her raider crew) onto the ground.

[18:30] \* **Starshine** opens a gap in the shield so Whiskey Rose can get in, then closes it again and offers her a healing potion.

[18:30] <~Wildcard[GM]> Rose ignores it and hugs her foals close to her.

[18:32] <**Starshine**> "They should be fine. Sissy was unharmed; her brother was mildly burned, but has already downed a healing potion."

[18:41] \* **Energy\_Flux** lets loose another barrage on the closest two raiders he can see. "Zap motherfuckers!" he yells from the ground.

[18:42] <~Wildcard[GM]> the raider turns black, and then colapses into a pile of as with a small "POOF"

[18:42] <~Wildcard[GM]> \*ash

[18:43] \* **Integrity** lets out a short cheer

[18:43] <~Wildcard[GM]> the last two raiders die under Ansgers gun fire.

[18:50] \* **Shift** continues to fiddle wih FLuxes legs, muttering silently to herself as they prove difficult to heal. "You know... If you were a chageling, and these legs were straight... These holes would be pretty sexy actually" she mutters and finally suceeds! "There! Try and walk!"

[18:51] \* **Mayhem** looks around. "Anybody want anything with that scum?" She shakes the mare a bit.

[18:52] <~Wildcard[GM]> Boss mare squirms, barey able to move as she weezes painfully.

[18:52] \* Integrity Readies his Shotgun "Pull!"

[18:54] \* Mayhem just shrugs, then drops her, stepping on her chest and stabs her.

[18:55] <~Wildcard[GM]> Boss Mare hurls another round of blood and bile onto Mayhem's hooves befor she goes limp.

[18:55] \* Energy\_Flux rolls his eyes and grumbles. "Thanks, I think."

[18:57] \* Shift rsmirks "Dont menion it... I can try and fix them up better later... But right now i think theres other patients who need attention" the changeling replies and looks around the batefield "So whos hurt?"

[18:57] \* Mayhem pulls the spear out of her neck and wipes her hooves on one of the raiders. "Bleh." She then picks up the knife spear and stows both melee weapons on her back again.

[18:57] \* Starshine lets her shield dissipate.

[18:57] \* Integrity frowns, "Darn you Mayhem, just had to hog all the fun for yoursel.f"

[18:58] <~Wildcard[GM]> Rose looks at her caravan, which is now just ash and burned wreckage.

[18:58] <~Wildcard[GM]> Sniper mules grumbles and starts digging through the wreckage with Jiff and Kiff.

[18:59] \* Integrity walks up to Rose and the foals "You three Okay?"

[19:00] \* Shift wanders over to Mayhem with somebandages "YOu ok?"

[19:00] <~Wildcard[GM]> Rose nods, "I'm outta business fer a while..."

[19:01] \* Starshine is sitting just behind Rose and her foals. "I believe they will be fine...physically, at least."

[19:01] \* Mayhem shrugs. "Meh, jus' some scratches, but a bit help would be nice."

[19:01] \* Energy\_Flux shrugs. "I'll be fine now..." he mumbles, his horn glowing.

[19:02] \* Shift nods and pplies the bandages glancing over to the raider boss

[19:03] \* Integrity casts amplify on himself and calls for the group to huddle

[19:05] \* Mayhem winks to Shift. "Thanks, lass. Let's not keep 'em waiting."

[19:05] \* Starshine gets up and walks over to Integrity, rubbing an ear. "Was that really necessary?"

[19:05] \* Shift starts buzzing back towards the group, wincing at the yell "Any of you hurt?"

[19:05] <Integrity> "Probably not, but it felt good"

[19:06] \* Starshine looks up at Shift. "I am unharmed, thank you."

[19:06] <~Wildcard[GM]> You all hear a coughing, wrenching noise, "You fuckers think that'll kill me?" Boss raider staggers up, holy fuck this cunt is tough! Her horn glows with overlay, "I'll fucking take you cunts with me!" she tilts her head back, "SUCK LIGHTING  
CUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUU.. what the fu-"

[19:07] <~Wildcard[GM]> and then a Piano lands on Boss raider with a deafning "CRASH!"

[19:07] \* Shift nods and smiles sheepishly at Energy\_Flux "h... Sorry for making your legs a little worse back there.. Was an accident.. Usually dont make my patients worse than they are to begin with"

[19:08] <~Wildcard[GM]> "You all looked like you could use some help." says a rather musical voice over head.

[19:08] \* Energy\_Flux looks over to the boss raider as he finishes healing. His face etched with a look only describable as "dafuq?". He turns back to shift and waves a hoof. "Ehh... I can deal with it..." he finally says.

[19:08] \* Shift eyes the piano and wonders if she could get it fixed..

[19:08] <Mayhem> "What by tha bloody fuckin' totems?!"

[19:09] \* Starshine looks up to see where the voice, and presumably the piano, came from.

[19:09] \* Integrity shrugs and whispers to his teammates at had "Anyone have any plans on what we're going to ask for payment? They'd probably be dead without us, but I doubt they have much left to pay us with. Do you think we should just take the raiders gear and call it even? Leave it with them?"

[19:10] \* Starshine glances back to Integrity. "I have little need for caps. Let them keep it."

[19:11] \* Shift shrugs "Im not worried about caps... That said we should gather all the supplies together... I think i could get it all to decent condition..."

[19:12] <~Wildcard[GM]> The is a stalion standing on Energy\_Flux's little cloud, balancing on his back legs as he leans on a Large battle axe, his Tan coat is covered in blue tattoos that form eyes on his wings, his blue mane and tail flows with his tattered red cloak in the wind, a pair of read sun glasses shaped like a "V" sit on his face.

[19:13] <Integrity> "Now who the fuck is this clown? Is he related to that one filly who smited me?"

[19:14] <Mayhem> "Oi, lad. Who are ye?"

[19:14] <~Wildcard[GM]> "Clown?" he chuckles, "My name Is Six string, and your the snake oil guy right?"

[19:14] \* Shift is busy gathering sequipment

[19:15] <Integrity> "'You're', that should be 'you're', and yes, that's me."

[19:16] <~Wildcard[GM]> "Your shit is awesume if you distil it into booze."

[19:16] <~Wildcard[GM]> \*awesome.

[19:16] \* Energy\_Flux just sits tight and lets his horn rest while the expositio-er, "Six String" talks to the party.

[19:17] \* Starshine looks warily at the tattooed pegasus.

[19:18] <Integrity> "I'm sorry, I don't follow, what do you mean "my shit"? I certainly hope you don't mean the fluid from those toy dinosaus I was selling two years ago, I said those were pegasus repellent. Not. For. Pony. Consumption."

[19:19] <~Wildcard[GM]> "No the joint pain stuff, the toys are still being played with, foals love um."

[19:20] \* Integrity chuckles "well at least they found SOME use for them" he mutters "Glad I could be of service!"

[19:20] \* Shift looks over to the alicorn "Hey, you think you can lift this piano off the bitch? She had some nice looking armor

[19:22] == Integrity has changed nick to void

[19:22] <~Wildcard[GM]> Six String slings his axe, "So, i'm guessing y'all wanna come to my gangs little city to trade?" he lazily flaps to get the cloud to move, "shouldn't be any more raiders along the route, come along when your ready."

[19:25] \* Starshine wraps the piano in a levitation field, floats it off the (now quite grotesque) form of the raider mare, and drops it a few yards away.

[19:26] \* Shift grins and drags the mare's equipment into a now growing pile of stuff "Awesome, thanks!"
