

Accessibility Rates

I will negotiate with marginalized creators and creators with economic disparities between UK/USA rates. Don't be afraid to reach out if you're a small creator, I'm always open to discussion. This goes especially for Black, BIPOC, queer, and disabled creators. In certain cases I'm opening to a bartering / trading of skills. I can discuss payment plans and options. For upcoming projects where other contributors are taking a royalty share, I am happy to discuss. Quotes are obligation free.

Sensitivity Readings

- ADHD, depression
- Dyslexia and dyscalculia
- Mental Health
- Nonbinary, pansexual, queer themes
- Presentation of accessibility options

Rates:

- \$25 per hour

Screen Reader Optimisation

- Modify back end of already made PDFs so all information reads correctly to a Screen Reader, including creating and adding alt-text
- Create an 'Accessible' copy of a PDF, which reads correctly to a Screen Reader, is dyslexia friendly, high contrast in black and white, without images but with image descriptions, formatted for reflow, printer friendly, and published in both PDF and ePUB format

Rates:

- \$10 per page of original document, up to 10 pages at \$100. Pages 11-25 are \$7.50 per page. Pages 26+ are \$5 per page. (A 30 page document would be \$237.50).

Consultation and Tuition

- Instruct on how to create accessible copies of work, as above
- Instruct on alt-text
- Check accessible documents for accessibility issues

Rates:

- \$25 per hour
