Rising 7th Graders and Families-

Thank you to those who were able to attend last night's "Welcome to Middle School" Q&A Zoom Session from 6pm-6:45pm. This was an opportunity to meet some people at Mt. Abraham, hear some information, and ask questions about life in eagle nation middle school. If you weren't able to attend and would like to see the information, the recorded Zoom session link and password is below. Here is the "Welcome to Middle School" transition video [link](#)! It is also posted on our website and Facebook page. Lastly, feel free to review our Middle School Program of Studies [link](#). It is also available on our website. This is a great resource for "all things" middle school. Good luck with the end of 6th grade, have a great summer, and we look forward to seeing you at Mt. Abe next fall:
