

## My VA experience in London

My name is Val, I'm french and I'm turning 20 this summer. After finishing my 2<sup>nd</sup> year as a Law School student at the beginning of June, I decided to try to make my dream come true and go to London for a few days. I was lucky that Paris isn't far away, and that I had saved some money. My friend Sarah, my cousin Léona and Laetitia and I decided to take the bus (cheapest way to go to London).

What I'm about to say in this article is 100% real. I can barely breathe writing this... I'm looking at my drafts next to me (to not forget the details) and I still can't believe this is all true.

I'm one of the biggest VAddict, everyone who knows me, know it's true. I love the books so much, and I can't stop reading them all over again. And of course, I'm supporting the all cast 24/7. Probably just like you if you're reading this. You can imagine how I feel then. So, my dream was to meet the VA Cast. I was so disappointed when I heard that the contest-visit on set was only open to US Fans...so I decided to be the master of my own destiny. It could have end up in nothing... in wasting money... disapointment, but I had to take the chances.

We arived in London at 5 am, June 14<sup>th</sup> after a sleepless night, the travel was long. My friends and I have been doing A LOT of researches/stalking pics for weeks before... researches for weeks, until 4 am during my exams... Without this researches nothing would've happened. So yes, It's all thanks to the researches.

After waiting all day in front of \*\*\*, we thought we saw Cameron Monaghan with another person (I thought it was Dom at first). But we weren't sure so we didn't stop them. Yay... we forgot lesson n°1 « Don't hesitate ». It was around 5:45 pm. We were so depressed after waiting 9 hours in the cold with the rain, and a sleepless night before, plus we weren't sure, it was the right place. Besides, I was depressed cause Dominic Sherwood tweeted that he was leaving for Kent to see his family, and I especially wanted to meet him (big dreams).

We were sitting on the floor, when a window opened at the balcony and we definitely saw Cam and the other person waving at us !!!

I literally thought I was about to die. My heart exploded. Then we just waited. And at 6:30 pm, Cam, Sarah Hyland and the other person walked out of \*\*\*. We crossed the street to join them. Cam was wearing a small cape (yeah a cape). I showed them my poster/sign written « THANK YOU for VA : Blood Sisters WE LOVE YOU ». Cam took his cape off and came to us while Sarah and the other person (laughing and hiding behind a cap) stayed away.

« We're sorry to bother you, we are Vampire Academy Fans, we come from France, we love you you so much ».

Cam had a surprised face. (He didn't expect fans obviously). Then he had a big smile. I gave him a letter that I especially wrote for him, because I love him so much. He took it, smiling.

« How are you guys doing ? » while signings our books. He was so cute at first, really shy, and bit clumsy, he asked our names, and was scared to misspell, he was waiting for us to spell it.

I asked him if the person next to Sarah was Dom cause we couldn't see his face (and I had so much hope) and he replied « No, it's not Dom it's Chris ». I told him that I watched Shameless just for him and I ended up loving this TV show a lot. He was touched and had a big smile on his

face and said « thank you ».

Then we asked « How is the filming going ? » and he replied « Good, good, actually we just started the night shoots ».

Cam was so nice to us, like really nice ! While he was taking pictures with us he dropped the cap of the marker and wanted to lean down to pick it up, he was like « Oh, I'm sorry, I'm sorry », and I was like « No it's okay, it's okay ». Then, he laughed, that was during the pic with Leona (hence the laugh on her pic with him).

It was a perfect moment. We got the chance to hug him too. And oh my.... his body... his arms... his smell. He's so handsome. His hair, his blue eyes. Everything.

We thanked him hundred times, he was all nice/cute/smiling then he left because Sarah and Chris were calling a taxi. And I noticed he dropped the letter when he was taking pics with us, so I was like « You forgot the letter » and he was like « Oh I'm sorry, I'm sorry » he took it « thank you » and smiled then put his cape back on and left.

I'm probably missing a lot of details, but I was in complete chock.

We never thought that meeting Cam was only the beginning. We were so grateful and happy, that we would have never imagined it would continue...

June 15<sup>th</sup> , what a day ! A day that probably changed my life cause the dream just got bigger and more real. I never allowed myself to ask more than I already received. Meeting Cam was so big, it was enough, I already couldn't handle it emotionally. Some part of me was a bit (to be honest - very) sad that Dom left for Kent, and we assumed that he wouldn't come back before we leave London. We had 4 more days there.

The morning we saw that the street in front of \*\*\* was closed, so we decided to follow the crowd, and realized that it was the Queen's Birthday at Buckingham Palace. We stayed there to see the royal family and the défilé. Then we went back in front of \*\*\*.

At 4 pm, we saw Cam walking out of \*\*\* to go to a mini supermarket on the same street. We didn't want to bother him again, because he already gave us so much. It was raining and we was wearing a beige t-shirt and a cap. He didn't saw us, and went back in \*\*\* with a small bag. It was Saturday, and we assume that he was free this weekend, so we hoped the rest of the cast as well and prayed to see some of them.

I was kind of silly (tired too lol) and I created a prayer lol It was : « Oh St Vladimir, powerful god of Vampire Academy, allow us on this bad day to have a very very very very very little chance to touch our dream with one finger or two and make this day, a sacred day that will mark the story of our lives forever. Richelle Mead Romitri Dragozera ». That might sound stupid, but it kind of worked. So I repeated this all day. Like a song. I also created a song for Danila but it sucks so bad that I can't write it in this article lol.

At 8:53 pm, we were still waiting, imagine the circumstances (rain, stand on your feet all day, wait for hours, cold), we never complained about that because it was our choice to be there waiting. But we knew also that more the hours went by less we'd have chances. At some point, you feel like you're desperate but you never lose hope. You can't lose hope to meet the VA Cast, everything is always possible, no matter how hard it seems. I hope you guys understand

what I mean.

Anyway, at 8:54 pm, we saw a taxi passing in front of \*\*\* with someone inside waving at us.

(I'm currently crying writing because oh my god all my dreams came true...) My mind needed two seconds to believe that what I saw was real. I would have NEVER imagined to see him. Never. I gave up when he said he was going home in Kent. I was still desperate and accepting this idea that it seemed impossible that the guy in the taxi waving at us was Dominic Sherwood. Besides, I always thought it would be difficult to recognize him. People are really different in real life and pictures. And we only saw a few pics of him in black and white mostly. Plus, we never saw him with his new hair. I guess I'm so obsessed with him, that it explains why I recognized him in the taxi passing in front of us.

We truly thought it was him, but it was still impossible, we were like « Is it Dom ? Is it Dom ? » The taxi stopped. « Yes, it's Dom. » Dominic walked out of the taxi.

That confirmed everything. « Yes, it's Dom and he's with Dominique Tipper » (how can we not recognize this beautiful woman ? ) We were 10 meters away from the taxi, we walked fast before they get in \*\*\* and show the poster/sign « Dominic, Dominique » we were calling them.

Dom turned to face us and said « Oh. Vampire Academy Fans », with the biggest smile possible.

Oh my god ! Oh my god ! I died. I literally died. It was the end of my life.

And I said to Dom almost crying, completely dazzled « oh my god, I can't believe you're here, it was my dream to meet you and I thought you were gone in Kent... because of your tweet and... » I couldn't even finish my sentence and express how I felt.

Dom smiled, a big beautiful smile and said « Yeah, Kent is only two hours away from here ». Then, he asked in an amused way « How did you guys find us ? »

I answered after 5 seconds of silence and hesitation « ..... we're very smart ». He laughed, while swinging on himself in a cute way and replied « Smart... yeah I like that ! »

Then he asked « Where do you guys come from ? » we said « We come from France », and he added « Oh. God Bless You ». We laughed and giggled. (We just couldn't help lol) He asked how many days we were staying and we said till tuesday June 19<sup>th</sup>. We were dying... I'm not even emphasizing things... it really happened like this. We were hypnotized and charmed. Dom is so british. Everything about him is, his voice, his accent, his jaw, his hair, his style, his way of speaking, his gestual.

We asked if he could sign our books and he was suprised but confident and said « sure ». It turned his head to speak to Dominique Tipper and said « That's the first time it's happening to me » with a big smile. That's probably the sentence that will forever stay in my head in repeat mode. It was the first time, Dom was meeting fans, the first time he met fans of him, the first time he signed a book. It's so moving. He was so happy. We said « Dom, you're gonna be amazing as Christian » and he said « Thank you so much it means a lot » while signing our books. We keep complimenting him with things like « You're so amazing », « You're the perfect Christian », « Your hair look so good ». And he was cute laughing with a big smile on his face and thanking us.

Then we asked « How did you know we were fans when you waved at us in the taxi ? »

He said « I didn't (laughs). To be honest, I'm a little bit drunk (laughs, joking) ». We laughed too and then he added « Then, you said my name ».

I decided to give him my letter « Dom, I have a letter for you » and he answered « A letter, for me ? » He was so shocked/suprised I will always remember his face reaction. I asked him «Can I have a hug please ? » and he was like « Yeah sure ! » (with his smile). Then I died again. (In my head I was like it's Dom, Dominic Sherwood ! Dom ! Dom is playing Christian, you're hugging Christian Ozera, Chriiiiiiiiiiiiiiiiiiiiiistian.) I don't even need to talk about how perfect he is, his hair, his body, his face, his clothes. He was wearing black jeans, a white shirt, and a brown leather jacket, with glasses, YEAH GLASSES. So sexy.

We asked if we could take a picture with him and he said « yes sure » with a smile again. You must know that during all this time we didn't ignore Dominique Tipper next to him. We were four, so two of us were with her, while we were with Dom. Then, we alterned. Dominique Tipper is one of the most beautiful/ nice woman I've ever seen in my life. She's much more beautiful in real life than pictures. We told her that she was so amazing and beautiful. She was touched and she said « Thank you for making us feel awesome ». We hugged and we keep complimenting her. She had a beautiful smile and she was so happy as you can see on the pics. Meeting her was so unexpected, Dom and Domi seemed really good friends. They went together in Kent I think then went to a festival according to Diminique's instagram pic, then came back to \*\*\*.

Then we asked them « How is the filming going ? ». And Dom killed me again : « It's great, Christian is such an amazing character ! He's ridiculously sarcastic you know, I can't wait for books 2 & 3 he has much more power ».

We were still hypnotized by his words and smiles. While saying this he let his hand ran through his hair. It was like an ad for l'Oréal. We were all like looking at him, holding our breathe.

He asked « Have you met anybody else ? » « Yes, we met Cameron » (fangirling moment). « Oh, you met Cam ! » (big smile).

We asked them « Do you think we have any chance to see Lucy, Zoey or Danila ? »

Dom said « I've not seen Lucy today and.... I think Danila is at a dinner or something». He finally said they had to go and made a salute with one hand and two fingers (I don't know if you can picture it lol).

We thanked them several time « Thank you so much, you're awesome ! »

And they answered « No, You're awesome ! Thanks to YOU ! » and they went inside \*\*\*.

Can you imagine what just happened ?! It's crazy ! Unbelievable ! Unforgettable EPIC ! We were in complete shock and I was crying my eyes out. We met Dom and Domi at 8:54 pm on saturday June 15<sup>th</sup> ! This is at this moment, that I saw a blonde tall girl walking in the same street about to go inside \*\*\*. It was 9:07 pm. 10 MINUTES after we met Dom and Domi. I recognized Lucy Fry walking just in front of me. I was like « It's Lucy ! Oh my god oh my god oh my god it's Lucy it's Lucy it's Lucy ». We didn't hesitate and she was 3 meters away from us when she realized we knew her. At this moment I realized there was a beautiful small girl wearing a beanie next to her about to turn in \*\*\*. And my heart stopped AGAIN. It was ZOEY ! ZOEY DEUTCH ! Zoey my baby Zo !

We said « Zoey ! » and show the posster/sign and said « We are Vampire Academy Fans ». We were in complete shock and disbelief and Zoey & Lucy were also in complete shock and disbelief. It was like a mirror and we had the same reactions. Zoey and Lucy were saying « Oh

my god, oh my god » «(in an amazed-mode with big smiles). They both grabbed us and hugged us while saying « Hiiii » (best moment ever!). And we said « We hope we're not bothering you and you're not in a rush ». They said « No, no, it's okay » (smile).

We said « oh my god we waited all day to see you. We're from France ».

Zoey said « really ? Oh my god we are so sorry ! We weren't even doing anything interesting. We were shopping all day ». (Oh Zoey's voice..... I can't even fenkgazgvaongvo = freaking out = so much like Rose).

Can you imagine that we waited all day, desperately, just met Dom and Domi 10 minutes ago and now Zoey and Lucy were hugging us ? I mean I never let myself imagine meeting them cause I didn't want to get my hopes up and everything. Plus, I would have never imagined to see them walking on the streets like that, and shop TOGETHER, they were TOGETHER, like BFFs I can totally say they were like BFFs. They had a lot of bags, Zara and stuff like that.

Zoey was wearing a black beanie with « Freak » on it, a black leather jacket. Her hair was dark, like Rose ! Lucy was wearing some kind of black trench coat and a dress with flowers I think. Her blonde hair looked so much like Lissa and I noticed she dyed her eyebrows. God it was like the characters got out of the books! Their reactions, their way of talking were so much like Rose and Lissa omg. Like for Dom and Domi we separated each other in two with Zoey and two with Lucy, then alternated.

My memories are bit of a mess with this meeting, it was so unexpected and I didn't know where to go Lucy/Zoey/Lucy/Zoey.

Léona told Zoey « Oh my god oh my god I think I'm gonna cry (she was kind of crying already lol) ». Zoey was « Oh no... no...no, no, no. Don't, don't do that, don't » (it was so much like a Rose reaction !).

Léona added « I love you so much, I have a letter and a gift for you ». Zoey was surprised and say « Oh really what's your name ? ».

I also gave my letter to Zoey and she put it in her bag and thanked us. She looked so happy. As happy as we were. Zoey took Léona's Iphone to take a selfie. « We're gonna take a selfie » then she also grabbed me and we took two selfies with Zoey. While Zoey pulled me near her, Lucy and I bumped into each other. And we all laughed. Then, I turned to Lucy gave her my letter, she was like « A letter for me ? » and she giggled. Lucy is so cute, she was always giggling ! Lucy signed my book and then I turned to Zoey again, while she was signing my book, I said « I watched Ringer and you're so amazing and talented ! » she pouted in a modest way shaking her head, with a cute smile !

During that time Leona was talking to Lucy, she hugged her again, and said « I watched Lightning Point just for you », Lucy said « Oh really Did you like it ? » « Yes i loved it ! And you're amazing » « Thank you ! » (giggles).

I turned again to Lucy, I hugged her again, and asked if I could take a picture with her », she was so happy with a big smile so cute and giggling omg. When I was next to her to take the picture with her, I realized she was actually really tall, I raised my head to look at her and I was so shocked because she was one of the most beautiful girl I had ever seen, and she was NOT even wearing a bit of make up. I said to her looking at her in the eyes « Oh my god you're so pretty » she giggled and had a big smile, and I don't know how to explain but emotions in her eyes. She looked at me and said « thank you, you're so pretty too ! » I don't even remember

what I answered because I was mesmerized by the light and warmth emanating from her. Kind of like Lissa, you know. I thanked her a lot of times and told her she was the perfect Lissa and that I loved her so much ! She was so touched and giggling as she used to. Then I turned to Zoey again and asked to take a picture with her. She said « of course » in a happy way, and then added « I have a bad face today », I laughed and said « Trust me you don't ! » then she laughed too.

It's crazy how much Zoey and Lissa had some Rose and Lissa behaviors/reactions.

« You're the perfect Rose and Lissa, You're amazing, it was our dream to meet you, we love you so much ! »

And they were so happy, like really really happy with big smiles, and Lucy giggling and they were like « Aww » Zoey said « Thank, you're lovely women, lovely, lovely women » and Lucy said « Lovely girls ».

Then, one of them nicely asked : « Can you guys do us a favor ? Don't post on the internet where we're staying and everything »

We said « Oh, don't worry, we won't post anything and we will post the pics after you leave London . » They smiled and added « No it's ok for the pictures just don't tell anybody where we are » with a smile. We responded « Yes, no problem ! »

Then I told Zoey that I also had a letter for Danila and if we had a chance to see him. She said with a smile « I don't know ».

« We have to go we have a dinner » said Zoey with a smile. « Thank you, you're truly lovely women , it was so nice to meet you » said Zoey and Lucy together. We thanked them hundred times. And Zoey shouted when she was leaving « You're gonna love the movie ! » They both had big smiles and waved at us.

We were like « thank you, thank you, thank you ! »

Oh... My article doesn't give justice to the meeting at all ! All the emotions, all the love, all the happiness, it's hard to express it with words. Zoey and Lucy shopping together, being so perfect natural and nice. Most important, they looked so happy to meet us, and they gave us so much love back ! It was truly like all this was happening to them for the first time.

After a day like this, you can't expect anything else from life... everything was too perfect ! We were wondering where Danila was though. Was he at the dinner with rest of the cast ? We decided to wait few more minutes, because it was Saturday night.

Half an hour after we met Zoey and Lucy, at 9:40 pm, we saw all the cast coming out of \*\*\*. We stayed away because we didn't want to bother them in their private life. They probably didn't see us, except Dom who waved at us again ! They were 10 or 12 maybe. It was night, so it was hard to recognize them, but we sure recognized Dom, Cameron who came after the rest of them, Sarah Hyland, Chris Mason, Dominique Tipper, Zoey, Lucy. But no Danila....They were a bunch of friends around their 20s going out on Saturday night. They all had dinner together with Mark Waters the director of the movie. Zoey was joking with him and fake kicking him with her knee. « Thank you Mark » she said. They hugged to say goodbye. And then the girls waited for a taxi. Zoey and Lucy were 2 meters apart from the rest of the group, and Lucy came on Zoey's back, holding her and they started balancing on the right/left/right/left foot. And at this right moment, I

died. I died because I realized they were like true BFFs. And my heart... my emotions... it was so cute ! I couldn't help thinking about Rose and Lissa. Then all the girls went into the taxi. And we saw that Mark was taking a taxi alone, so we went in his direction and show him the sign/poster and said « We are Vampire Academy Fans, we come from France, thank you for the movie ! » He was about to take his taxi and he was so shocked and surprised. Lol He took some time to understand who we were, and then said with a smile « you're welcome ». And the taxi left. The boys were still waiting for their taxi. We heard them yell to call a taxi and it was so funny. Then the taxi passed in front of us, and we saw Dom inside waving at us AGAIN!

Everything was just bigger than the dream itself ! Friday 14<sup>th</sup> and Saturday 15<sup>th</sup> were just two days of dreaming. It couldn't be real. It couldn't have happened to us. We couldn't have met the cast. It was so big, that we weren't able to realize what happened, we're still not able to. After those two days, we went back to sleep. We felt really bad about going back there the next day, because they had already gave us so much, and we didn't want them to feel some kind of intrusion...But we had to see Danila. We couldn't let this chance go away...

We didn't think for one second that we were going to see him. We never imagined meeting him, cause it would have been too painful knowing that he was so close but unreachable. We even thought that he was probably maybe back in Russia for the weekend or something.

But, we didn't want to miss any chance possible. So we went back to \*\*\* on sunday 16<sup>th</sup>, around 11am. And we waited. Without any kind of hope.

However, I remember I was talking about Dom and fangirling. We also bought roses to give them to the cast in case they saw us there waiting again. At 12h28, I was like I said, talking about Dom when I heard Sarah saying « There's Danila, there's Danila », I turned my head and I saw Danila walking out of \*\*\*, he didn't notice us, he was walking about to turn on the street. He wore a black beanie, a navy blue sweater, a short jeans, black shoes, and a blue backpack.

« Danila, Danila » we said. He turned is head in our direction, probably thinking « who the hell knows my name ? » He had a suprised face, like he didn't understand how we knew him.

Then, we said « We are Vampire Academy Fans ». I didn't even show the sign/poster, because I didn't have time to take it, we didn't expect to see Danila at all. It was a big surprise to see him, we were as shocked as he was. Then, I said « We just want to give you this rose, we hope that we are not bothering you and that you're not in a rush ». Oh god it's so hard to tell this part, because Danila's face was so perfect, I just wanted to cry because yes he's perfect, so perfect, his face is ..... perfect, such beauty.

He took the rose, still suprised and said « Oh thank you... no no it's okay ».

His voice.... I can't describe.... him, speaking english.... I can't... too many feels. I felt like I was dreaming. Or I felt like I died and I was in heaven and Danila was an angel or god or something perfect.

We told him we were from France and he said « Really ? » with a smile (like in the russian interview where he mentioned Dimitri's name, and he says « Really » it was the exact same really with the smile, I know I died).

Then I said « I have a letter for you ». My hands were shaking like crazy and we were all mesmerized by him. « For me ? Thank you » he said, then he hold his hand waiting for the letter and I gave it to him.

I asked if he could sign my book, he said « sure » and took my book to sign it. He relied on his

leg, he had put one foot on the small wall, to apply.

Oh god for one second we all look down at this leg movement : His muscular calves and hair. Perfect. Then I was looking at his face again. « What's your name ? » he asked me with a shy smile.

I don't even know how I'm still able to breathe... I answered « Val ». Then, he repeated my name « Val ». And I died again. And said « yes » and spelt my name. He wrote it on the book. And then he took the others books to sign them. While he was signing, Sarah and I told him « We watched your movies and Legend 17 », « Really ? » he said with a very big happy smile. « Yes, and you're so talented, we loved the movie, it's a masterpiece » we said. At this right moment, I saw Danila's face opening. There was this happy light all over his face. He seemed really touched that we knew about his career. He said « thank you, thank you very much ».

It was so many feels that for a second everyone was silent, so I asked : « How are you ? », he thought for one second and replied « Thanks... good ! » It was so cute ! Then I asked « How is the filming going ? » He had one moment of hesitation, and knowing Danila I knew he wasn't going to say much about that haha he replied « Great ! We try our best... ».

After this I asked if it was possible to take a picture with him, he said « yes of course » with a smile. It was funny cause with his other hand we was still holding his backpack and his rose. I went next to him to take the picture, and I started to realize that I was touching Danila Kozlovsky, who is also our Dimitri Belikov (In my head I kept repeating : Your touching, Daniboo, Danila, Danila this man you love so much, oh my god, oh my god, oh my god!!!) and I believe that I even said « Oh my god » out loud in a low voice. I didn't hesitate to ask him for a hug, It was probably the only opportunity in my life. I would have understand if he had refused because I always believed that it was not a very russian way.

I saw Danila's face, it was like he wasn't sure what I was asking lol but he said « yeah sure » with a shy smile. And we hugged, and oh my god from this moment my life is 400% complete. All my dreams came true. Danila took pictures with everyone, Sarah hugged him too. And then we started to thank him and thank him again. « Thank you so much, thank you for everything, you made our dream come true ; you made our life ». Danila seemed really touched, and he thanked us with a nod and a beautiful happy smile. He walked away, with his backpack, his rose and my letter. Few meters away, he turned his head to look at us and see if we were still here.. ha !

Then we all started to cry... I couldn't believe it...it was too big to be true... bigger than my dreams actually... June 16<sup>th</sup> was perfect... and June 15<sup>th</sup> and 14<sup>th</sup>.

All the emotions we felt at this moment... I can't explain but I guess you can imagine. We had three roses left, but we didn't want to stay any longer, we didn't want the cast to think we were intrusive.

We were about to go when five minutes after Danila left, we saw Dominique Tipper walking down the same street. She was wearing a grey sport outfits and she was holding her sneakers in her hand. When she saw us, she was really happy and said « Oh girls, how are you ? ».

« Good, we were about to leave, we're sorry to be here, we just wanted to see Danila, and we just met him. Also, we wanted to give you this rose » we said.

She smiled and said « oh my god thank you so much girls ! »

« Can I hug you again ? » Léona asked.

« Yes Of course » Dominique said with a smile.

« Me too ? » I asked.

« Yes ! » with a beautiful smile.

« When are you guys leaving London ? » she asked.

« Tuesday ».

« Oh and where do you live in France ? »

« Paris »

« Oh Paris ! I've been there so many times, it's my second favorite city in the world, after London obviously because I live here » she said so happy.

« Oh really ? If you come to Paris, please tweet something, don't forget you have fans in France ! »

« yeah, yeah, yes sure ! » she said all smiling.

Then we started to compliment her « You're awesome Dominique », « you're amazing », « you're beautiful » « we love your style » « you're so nice ».

She seemed really touched and said « aww, thank you so much ».

« Do you think we have any chance to give the roses to Zoey and Lucy ? » we asked.

« I don't know but do you want me to give it to them ? » she nicely asked.

« Oh, yes, yes, thank you so much for everything ! »

« No problem, and I'll make sure to give it to the girls ».

We thanked her again and Dominique left.

This woman is truly one of the most amazing person I've ever met.

We finally left, happy, more happy than we could ever be. We decided to sat in a park and I started to cry and cry my eyes out. We were like confused and lost because of all the emotions. I will never be thankful enough to the cast. How amazing they are! How nice! How happy they were when they met us. What they said, their smiles, their « thank you », everything will forever be in my memory and my heart. I will forever be grateful to the cast.
