What are the most interesting events in our school? In 30-ies Komsomol and pioneer organisations were created. That means students had to work in the farms.

There were also a lot of traditions in our school since that time. For example, there were school holidays such as army events, collection of paper waste and old metal, the New Year events and talent shows.

Let's talk about sports in our school. We can't imagine school without sport. In 1966 school team won the Russian bat championship. In 1990 the football team of our school took the 8th place. Sportsmen had a lot of awards, some of them were "the Leather ball" and "the Gold Collar".

One of the most exciting sport events is the World's cross. This is a traditional running competition. It is organized in honor of the Victory Day. The Immortal Regiment event is also very popular among pupils in our school. A new tradition is annual volleyball tournaments among teachers and pupils.

Have you ever heard about SKMOZH? It is a group of students from Komsomol who worked in farms. They did milking and took care about calves and pigs. This way pupils have learnt how to overcome difficulties and they have got the first skills in team working. It is an interesting fact that some of our teachers took part in SKMOZH. They are Karabanova Elena Dmitrievna and Salova Olga Valentinovna.

Old photos and newspapers, school albums and memories save the history of our school. Your parents can tell about their school experience, too.
