

Assignment: Career Paths Profile

Directions

For this assignment, you are going to create a Career Path Profile about your interests for your future employment. The information you provide about yourself will produce a Career Path Profile. What is the difference between a job and a career? Do you plan to use college to help you seek one or the other? There is no right or wrong answer, because motivations for being in college are so varied and different for each student.

Write a 500-word reflection using the following questions to guide you.

- How would you describe the difference between a job and a career? How are they similar?
- What are the requirements for the job and/or career you hope to have after you graduate from college?
- What skills do you already have that will help you get this job? What skills will contribute to your future career?
- Describe how this career will achieve personal fulfillment for you.
