Screen shot from a newsletter showing the Year 5's holding a bake sale to raise money for water aid in response to what they had learned in their unit and wanting to take action.

Student Voice: Student Action.

A report from Year 5.

During our previous [Global Goals](#) Unit of Inquiry, Year 5 investigated Goal Number 6: [Clean Water and Sanitation](#). We discovered many interesting facts and were shocked to learn that not everyone in the modern world has access to clean water and sanitation. This upset us so we wanted to see what action we could take to help others. At the bake sale on Tuesday, with the help of you lovely people, we managed to raise \$3575 for [Water Aid](#). They are a leading non-profit charity, that help people all over the world to have access to clean water and decent toilets.

Thank you to everyone who donated items for the sale and helped us raise such a lot of money for a good cause.

A photograph showing three Year 5 students standing behind a long table covered with various baked goods, including cakes, cookies, and pastries. The students are dressed in school uniforms. The setting appears to be a school hall or a similar indoor space.
