

2022 Call for Interdisciplinary Projects in Imaging: Application Form – Deadline 15 July 2022 (17:00 CET)

Please read the [Application Guidelines](#) before filling this form.

Send the PDF version of this document and the CVs of all applicants by July 15, 2022 (17:00 CET) to imaging@epfl.ch.

Project Title:

Contact Person:

Contact Email:

Co-Applicant 1

Surname, First Name(s)	
Function	Professor, Group
Affiliation	EPFL XXX XXX XXX
Email	

Co-Applicant 2

Surname, First Name(s)	
Function, Group	
Affiliation	
Email	

Co-Applicant 3 (only if applicable)

Surname, First Name(s)	
Function, Group	
Affiliation	
Email	

1. Project Description (max 5 pages)

- a. Summary - Provide a short summary of the project.
- b. Motivations and Impact - Explain why the proposed activities are important in the current research context, and how they will impact the imaging community at large (at EPFL and beyond).
- c. Novelty and Vision - Describe the current state-of-the-art, the gap that the proposed research project will fill, and how it will do so.
- d. Implementation - Give the key implementation steps, milestones and deliverables of the project.
- e. Collaboration - Describe how the different investigators will be involved, the added value of the collaboration, and the existing resources and expertise it will leverage.
- f. Diffusion and Community Building - Describe the ways you plan to diffuse the outcome of your project (e.g., documented open code) and how the project will help strengthen EPFL's imaging community (e.g., organization of workshop).
- g. (Only if applicable) Acquisition of Equipment - Describe the equipment and/or material to be acquired, how it is key to the execution of the project, and how it may benefit other members of the EPFL imaging community after the completion of the project.

2. Estimated Budget (see “Eligible Costs” in the Application Guidelines)

	Year 1	Year 2
Personnel Costs (kCHF)		
Equipment Costs (kCHF)		
Additional Costs (kCHF)		
Total		

3. Figures and Illustrations (max 3)

4. References (no page limit)
