

Your donation will enable us to end sexual and gender based violence.

Thank you.

Blank Noise is a Registered Trust (2015), committed to ending sexual violence through community mobilisation. Initiated in 2003, Blank Noise has brought attention to street harassment, sexual and gender based violence, through a wide range of approaches, campaigns, interventions and dialogues.

Blank Noise is built on the strength and efforts of its growing community of Action Heroes. An Action Hero is anyone who steps in to their power and potential to build a safe space. Over the past decade, we have mobilised a growing community of Action Heroes from across 66 Indian cities and towns, and globally, to take agency in tackling the issue. Action Heroes fight fear, say no to victim blame, and build efforts to co create safe spaces through community building. Our project ideas have rippled into more than 300 actions, taking shape across spaces from the streets, public parks, public transport, the internet, classrooms, college campuses, art spaces, mainstream media, conference rooms, and collective public memory. We believe in imagining the world, and society we want, and then stepping into our Action Hero potential, to create it. Thank you for believing in our vision. Thank you for enabling our work, through your generous donation.

Blank Noise was registered as a charitable trust in November 2015. Given its current status, Blank Noise can receive funds from Indian nationals only. In case of donor interest from outside India, please contact us at actionhero@blanknoise.org. We welcome a contribution, ranging from INR 50 to INR 5,00,000/. Any amount is welcome and will support our work.

Blank Noise is currently not eligible to receive funds from foreign citizens or entities under Foreign Contribution (regulation) Act, 2010. Persons holding Indian Passport, Indian Citizenship, and Indian institutions are encouraged to contribute.
