

Grading Scale, Grade Point Average (GPA) and Class Rank Calculation

Cumulative Grade Point Average (GPA) and class rank are determined by averaging all final grades. Both non-weighted and weighted grade point averages are reported on report cards and transcripts. Study Hall, Resource class and courses taken online for credit recovery are not calculated in the GPA. Courses granted a pass/fail grade are not calculated in the GPA. Honors and AP classes are weighted in the GPA calculation based on the following values:
