

Instructions: invite developer into your A2 Hosting account

First purchase hosting on link: <https://www.a2hosting.com/refer/59624>

After you open this link, click on this in menu:

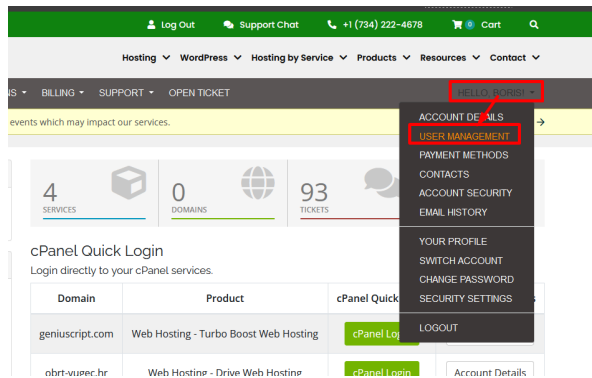

You can start with cheapest one, and then upgrade later or if your budget allow at start, go with cheapest turbo version:

Then follow instructions related to purchase.

After you get login credentials, login to your account on a2hosting and provide access for us so we can manage and configure everything needed for you.

Click on your name here and user management:

Or if you have troubles with detecting this in menu try direct link:

<https://my.a2hosting.com/index.php?rp=/account/users>

Invite me to access your hosting here, use my email: sandi.winter@gmail.com

Here:
