

Name: Draulin

Description: Blood from an ancient deity-like entity in eternal sleep beneath the city of Slora. Can be combined with [Alion](#) or Rekrom flowers for a variety of effects. If a blade is quenched in Draulin, it becomes a Misted weapon. If a being is injected with unmixed Draulin, they can easily be brainwashed.

The kingdom of Damovar is founded on the church of Soruth, which has depended on Draulin for its powers from day 1.
