

About our Kids Collection

The first ever Making Stories Kids Collection - **sized from newborn up to age 6** - is filled with cozy, playful designs for the little ones in our lives - from a hot air balloon for the nursery to a colorwork yoke sweater that's going to keep a pre-schooler warm on the playground!

The **8 patterns** in this collection have all been developed by Claire and Hanna Lisa from Making Stories. They wanted to create designs that are both engaging and relaxing, that make you want to knit just that one more row, that make you reach for your knitting even if there's little time or a messy living room or you feel like you really, really need a nap.
