

Animas HS College and Career Prep

<http://animashighschool.com/college-career-preparation/>

The **AHS Career and College Department** supports students and families in 9th through 12th grade to help students identify and prepare for the career and college path that is the best fit for them. Our rigorous curriculum ensures that all students are prepared for college and we are proud that 100% of our graduates are accepted into a college of their choice.

Animas High School offers an SAT preparation elective to help student be more prepared for college testing.

FRESHMAN YEAR

Exposure & Self-Reflection

Through monthly **Career Exploration Days**, students learn about various careers, reflecting on which best fit their interests and what is required to achieve them.

Freshman Parent Night helps families understand how course selection, extracurricular activities and academic performance connect to college admissions.

SOPHOMORE YEAR

Personal Interests and Community Involvement

Sophomore Inspire Week includes college and career readiness workshops and service work with local organizations. **College Preparation Sessions** focus on values that might direct students' future paths.

Sophomore Parent Night helps families understand the role of summer programs, testing and the range of college choices.

JUNIOR YEAR

Real Life Practice & College Fit

Juniors work full time for three weeks in the spring through **LINK Internships**, developing critical professional skills and clarifying interests. **College Preparation Sessions** happen monthly and **Junior Parent Nights** help families anticipate the college application process while focusing on best fit. **Summer College Preparation Boot Camp** provides support with college essay writing and more.

SENIOR YEAR

Planning Next Steps

College Essay Writing support through Humanities classes paired with **College Preparation Sessions** in Advisory and core classes provide support through the entire application process. **Senior Parent Nights** focus on scholarships and financial aid. **LINK 2.0** provides the option of a second intensive internship experience.
