

Notes to relate your designs to the Design Brief

Number your designs

You don't have to write about all of them - number 3 or 4 key designs that you want to highlight.

How does your design relate to the design brief and what your client wanted? (re read your design brief so you are clear what they want?

- Style?
- Use?
- Materials?
- Weight?
- Other special features that they wanted?

How does your design relate to the specifications that you wrote?

Example Writing Frame

This design includes element from my design brief.

This is shown by and the effect this has on the design is

My client wanted so I did

One of the specifications is so I did on this design.
