

**PROJECT. Think wisely, think sustainably**

**ACTIVITY 7. How to take advantage of waste to produce energy? Investigate the Technologies.**

1. Each international group investigate how to take advantage of waste to produce energy.
2. Create a presentation using the tool Genially.
3. Go to eTwinning [www.etwinning.net](http://www.etwinning.net) and embed it on Twinspace. Include this experience in your blog or webmix.
