

This privacy policy governs your use of the Fair Huancayo software application for Android mobile devices created by Luis Hector Montero Santos.

What information do we collect?

The application collects personal information such as - phone number.

We use the app performance tracking information provided by Google to improve the app. This application only uses the sound from your Android mobile phone to create the alarm.

Google Analytics

This application uses Google Analytics to help us analyze how you use the application. It helps us improve this product.

Thanks to Google Analytics, we know how long you use the application, what type of device you are using, where you are from and a little bit more. All of this is used to improve the application.

Advertising

The Google Admob privacy policy is located here:

<https://support.google.com/admob/answer/6128543?hl=en>.

Third-party vendors, including Google, use cookies to serve ads based on a user's past visits to your website.

Google's use of the DoubleClick cookie enables Google and its partners to serve ads to your users based on their visit to your sites and/or other sites on the Internet.

Users may opt out of the use of the DoubleClick cookie for interest-based advertising by visiting Ads Settings. (Alternatively, you can direct users to opt out of allowing a third-party vendor to use cookies for interest-based advertising by visiting aboutads.info.)
