QuarsiProfitView Features:

Analytics Dashboard: In the dashboard section users will be able to find all their Video Stories downloads, drafts, History records for their social networking sites. All the stories engage records on a weekly and monthly basis. It's a totally A to Z analytics dashboard based on .

Commercial License: As an authorized QuarsiProfitView Business subscriber, you are licensed to create videos and resell these videos to clients. You can also sell your videos on popular platforms like Fiverr, Upwork, Freelancer, TopTal and so on.

Create a New Video: In this section users will be able to choose video types for their social networking account.

Exclusive Drag & Drop Editor: QuarsiProfitView's powerful drag and drop editor, along with its vast selection of images, fonts, elements, and GIFs, makes it easy for users to build viral story videos.

Eye catching Customize Story Templates: With QuarsiProfitView, you have over 100+ templates for all major social media story formats. Create images, videos, and animations to suit your marketing needs. We are providing the best 20+ niches like; Beauty, Celebration, Dating, Day care, Digital Marketing, Ecommerce, Education, Fashion, Fitness, Food & Drinks, Holidays, Jewellery, Medical, Nature, Pet care, Polling, Real estate, Social Networks, Sports, Travels..... to make you huge sales and profits.

Upload Videos, Music, Images through System: Users can upload any kind of video, image and music through their system.

Free Stock Video Footage HD Royalty-Free: QuarsiProfitView has its own Video Library of free royalty HD videos. So you can simply drag and drop any video from the library. After your video has been

placed on the main canvas, then you can choose the editing tool to change the video size and ratio as well.

High-Quality Royalty Free Image library: QuarsiProfitView has its own Image Library of free royalty HD images. So you can simply drag and drop any images from the library. After your images are placed over the video, then you can choose the editing tool to change the opacity of a layer to make content partially transparent.

Library of fonts: Users can add different types of stylish text to any section of their video stories.

- Select the kind of text you wish to add to your video story.
- Drag the text and place it on the desired position over the canvas.
- Customize the default text style by changing its font family, color, size etc.

Royalty-Free Music Library: QuarsiProfitView has its own Music Library of royalty free. So you can simply drag and drop any music from the library. Go with your Story with your favourite music.

Add Different Elements: In the elements section users will be able to find different types of elements which help users to make beautiful story designs. Such as Shapes, Stickers, Emoji, Social, Sports, Travel, Flags, Trolls, Arrows, Bubbles, Icon, Cartoon.

Users can customize these elements by using editor tools such as resizing, duplicating, changing color, changing the opacity and so on.

Layers Editor: QuarsiProfitView is an Online Photoshop Alternative Layers Editor. Layer features have been added like "Photoshop". Layers are like sheets of stacked acetate. You can see through transparent areas of a layer to the layers below. You move a layer to position the content on the layer, like sliding a sheet of acetate in a stack.

Video Preview: By clicking on the “PLAY” button users can watch the Live Preview of their Stories.

Unlimited Download in High-Quality: QuarsiProfitView allows you to download unlimited High quality video stories in just a second.

My Videos: Management dashboard to control all your stories, such as – History, downloaded videos. You can access those videos which were stopped accidentally during the processing.

Social Sharing: After downloading stories from QuarsiProfitView, you can share your videos on 100 social networking sites. You can select the bulk option to share your video stories at a time.
