

1. Problem: Lack of hoes
2. I don't start many conversations with females
3. Lack of hoes> not starting many conversations with them> I don't know what to say/ I feel like it would be awkward> I don't have much experience with girls> I used to be scared about embarrassment/ I was a pussy> I grew up without a dad
4. Root causes: Scared of embarrassment even though I'm not a loser anymore and I never realized that people genuinely want to talk to me now.
5. How to solve: Realize that people genuinely want to talk to me and be sure to start a conversation with at least one female every day. I will also realize that girls won't see me as weird for talking to them.
