

**I watched him with
the eager eyes**

**Of childhood day by
day**

**The way he lived said
more to me**

**Than words could
ever say**

The simple truths he taught me

**Would endure my
whole life through
And long before I
knew them for
myself**

**I knew my Father
knew**

I borrowed his unfailing faith

**I trusted in his love
I counted on his
courage**

**When my own was
not enough
I turned to him for
counsel**

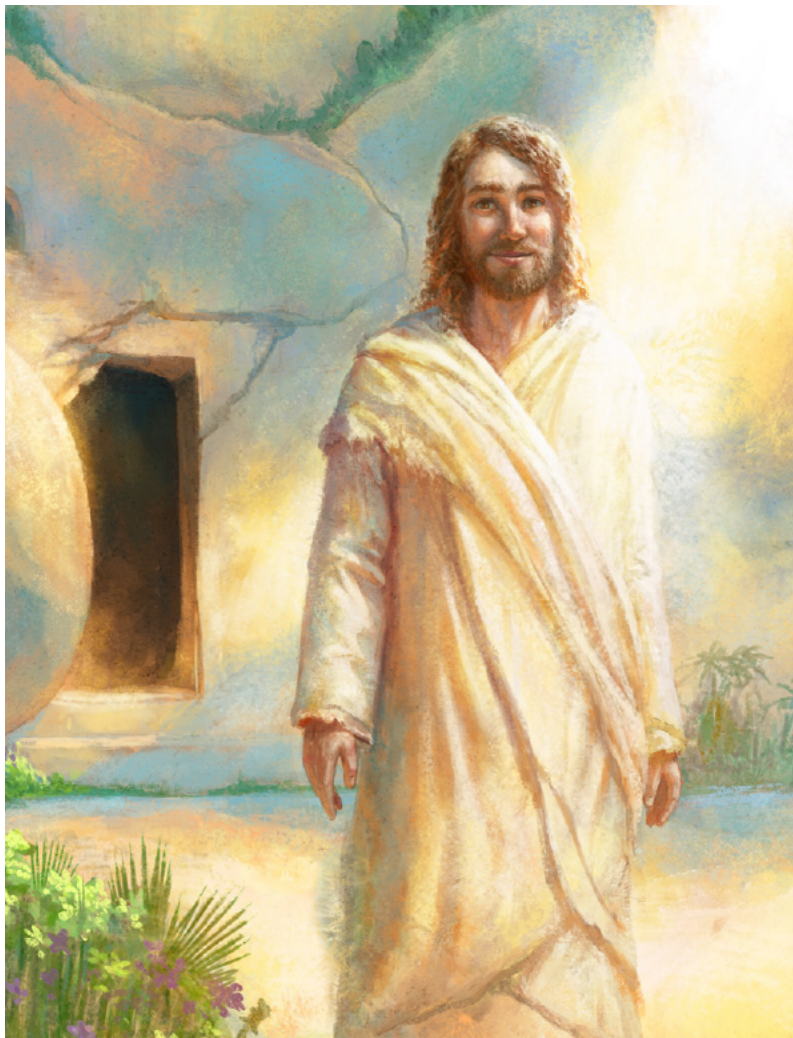

**Through the perils
of my youth
And even when I
doubted still I knew**

**I knew my father
knew
I saw his quiet
witness**

**In the tears he
could not hide
As he taught me of
the Savior**

**How He lived and
how He died
I felt the Holy Spirit**

**As he testified of
truth**

**And I began to
understand**

**The things I knew
my father knew**

I have found my father's faith

**Deep within my
soul
A legacy I'll
treasure through**

**Eternities untold
And ev'ry thing I try
to be**

**And ev'rything I do
I do because I
learned to know and
love the things**

**I knew my father
knew**
