

2016-2017 Registration

I would like to personally thank you for considering our Farm Fusion Program as an enrichment program for your child! I want you to know that I consider it an honor to be trusted with your precious children. Registration packets are full of forms and required signatures from the parents. I believe it is also necessary for me to give you my commitment, as well.

I commit to taking care and educating your children as if they were my own.

I commit to creating a respectful, Christian environment that fosters education, social, and spiritual growth.

I commit to listening to any concerns that you may have and addressing them to the best of my ability.

My degree in health promotion and behavior has given me education in accident prevention and safety. I commit to putting your child's safety FIRST, and doing everything in my power to prevent accident or injury.

Finally, I commit to including and informing you in everything we do. This includes an open door policy for parents, descriptions of our day so that you can initiate conversations with your child about the topics that were discussed in class, and constant communication from me with lessons and activities to do at home.

Thank you again for joining our program!
