Pre-requisites:	University Entrance Literacy and a minimum of 17 L2 English credits including at least 1 external standard; or with Curriculum Leader approval.				
Course description:	A mainstream English course which includes both internal and external assessment. Students will show a discriminating and insightful understanding of ideas, language features, and how texts are created and structured for different purposes and audiences. Students are able to gain up to 22 credits towards Level 3 NCEA, 14 credits from internally-assessed standards and 8 credits from externally-assessed standards (12 credits count towards UE Literacy Reading, 14 credits count towards UE Literacy Writing). The course will cover 5 NCEA Achievement Standards (3 internal and 2 external). Students will also have the option of choosing to sit the Scholarship English examination at the end of the year. New Zealand Scholarship assessments enable candidates to be assessed against challenging standards and are demanding for the most able candidates in each subject. Scholarship candidates are expected to demonstrate high-level critical thinking, abstraction and generalisation, and to integrate, synthesise and apply knowledge, skills, understanding, and ideas to complex situations. There are no NCEA credits attached to NZ Scholarship. Instead, New Zealand Scholarship provides recognition and monetary reward to top students in their last year of schooling. Scholarship awards are paid in the first year of tertiary study in New Zealand. The award for a single subject is \$500. Higher amounts are awarded to students who gain Scholarship in three subjects with 'Outstanding' in at least two subjects. There is also an award for the top scholar in each subject.
