Hey Alex,

I saw the engagement you're getting from social media and I think you have an ability to get 2-3 more clients for your business each month by getting your brand in front of more people actively searching for an interior designer in London.

I've used a search advertising strategy before to do this for another client of mine in the home design/furnishings industry to turn zero weekly page views to upwards of 500 from people who are "ready to buy".

If you're interested at all then let me know and I'll send you the plan where I go through how you can copy paste the same strategy to your business.

Just reply with "yes" to this email.

Let me know,
Ethan
