

Hi Darryl Griggs,

I checked out your website and it was amazing.

I noticed that you run a newsletter, and I'd like to offer my assistance in optimizing it for greater success, at absolutely no cost to you.

Now the benefits on your end are obvious:

- Improved conversion rates
- Increased revenue
- Enhanced brand recognition

There is no catch - I'm simply looking for a testimonial.

My proposal includes creating 2 nurture and 1 harvest email every week, and as a bonus, I'll also craft a welcoming sequence.

Would you be interested in exploring this opportunity for your business?
