Master of Science in Nursing

Admissions Essay Requirement

In October 2010, the Institute of Medicine issued a report entitled, *The Future of Nursing: Leading Change, Advancing Health*. Please visit the Future of Nursing website to review the report and prepare your essay. The nursing division will evaluate your essay based on content, professional style and tone, logical reasoning, well-crafted sentences, correct citations and references, and correct grammar/syntax.

In 500 words or less, describe how either the nurse educator's or advanced practice nurse's role can promote the Institute's recommendation that nurses practice to the fullest extent of their education and training.

You can download the full report here: <http://www.nap.edu/read/12956/chapter/1>
