- VESPEN STUDIOS 2025

Last updated: May 2025

Hi! I'm Vespa, a Brazilian artist doing art as a side hustle, not my main job. That means I draw when I'm available ~ I'm not full-time, and commissions are worked on at my own pace for quality.

*This ToS covers how I work, what to expect, and what **not** to do. Please read everything before trying to claim a slot.*

📌 Key Things to Know:

I don't take custom commission requests.

I will open pre-made slots with specific types of art slots that you can claim. Please don't message asking for personalized ideas or multiple pieces at once — I work based on what I want to do, but i will open vacancies for "Your Idea" slots every a certain amount of time.

I work when I can.

This is not my job — art is a hobby I do on my own terms. You'll have to wait patiently, but I will never make you wait 2+ years for a piece. If your commission goes over 5 months, you're eligible for a full refund.

Check Trello for updates!

Don't message me unless it's important for the commission. Use the Trello queue to see your status and I will send WIP(s).

Payments are 100 percent upfront by invoice!

No 50/50 or partials. I accept PayPal and Pix only. No art trades, gift cards, exposure, or closed species entry.

Basic Boundaries

No harassment, spam, or **last-minute changes**. This may lead to cancellation **without refund** and blocking.

Respect my time zone (Brazil), and note that I don't work on weekends or during unhealthy hours (no overnight work).

If you have a real deadline, tell me at least **two weeks in advance**.

I can decline any commission that makes me uncomfortable.

Free art or trades are non-priority and may take up to a year.

Trades only with mutuals, for safety.

What I Work With:

-Character sheets

-NSFW

-Furry, feral and any humanoid art

-Complex scenes **(with a fee)**

-Collabs (Preferably with professionals or 1k+ followers)

Feel free to ask if your idea fits. I'm open-minded.

Refund Policy:

You may request a full refund within 7 days of payment (per Brazilian law).

After that, no full refunds, unless:

Your commission passes 5 months uncompleted for no reason, no matter the stage = full refund.

Partial refunds may be discussed depending on context.

Usage and Copyright:

You must credit me for any artwork, no matter the use.

AI training is strictly forbidden.

Adoptables shouldn't be resold for more than the original price unless they include extras.

Don't use my art for merch or resale without asking me first and crediting me clearly.

All adoptables are sold via Twitter. Still learning ToyHouse.

Delivery Estimates:

Standard delivery is 2-8 weeks depending on complexity.

In some cases, it might take up to 3 months.

If it passes my final estimated delivery by a large margin, I'll offer a full refund.

How to Contact Me:

Only contact me for commissions via:

Telegram: @VespenStudios

Twitter/X: @VespenStudios

Do not message me on ToyHouse, FurAffinity, or Bluesky. These are just portfolio or showcase accounts.

By claiming a slot, you agree to all terms listed above.
Thanks for supporting my art and respecting my
boundaries 🧡
