Ok the hacking game that has the answer error it freezes.

- same I can't get past the second hacking answer. the screen freezes here (from user el_dritchknight) EDIT: typing "error" makes it freeze, but it let me through when I picked "give up" lol
- same here, overall all mechanics of the game work well except for this hacking answer
- Thirded by user Katdemon9
- Same for me too (Cwiddle)

After unlocking the first hacking answer the game crashed, after reloading it did fix itself though.

Is it normal for the whole app to have no sounds? (Cwiddle) [FIXED]

Accidentally switching apps or locking the phone then returning to the app will give you a black screen upon return. (Reloading it fixes it) (Cwiddle) [FIXED]

    Ever thought about clicking my icon?

AUTO   Why would I click it?

Texts become wonky for Micah on Day Two before the video call scene (Cwiddle)
- After the secret ending, I accidentally clicked the credits and got stuck here
