

Documentation

eCom Labs: «Tabbed Blocks» 1.5

1. Overview
 - 1.1. Support
 - 1.2. Compatibility
 - 1.3. Buy now
2. Add-on installing
3. Add-on settings

1. Overview

The "**Tabbed Blocks**" add-on allows the store administrators to embed different blocks into one with tabs.

1.1 Support

This add-on is developed and published by eCom Labs, a CS-Cart developer. If you need help to install, set-up or customize it, please contact us via Helpdesk (helpdesk@ecom-labs.com).

1.2 Compatibility

The add-on is compatible with CS-Cart и Multi-Vendor **4.2.x — 4.18.x**.

1.3 Buy now

<https://www.ecom-labs.com/ready-to-use-add-ons/cs-cart-tabbed-blocks-add-on.html>

2. Installing the add-on

The installation package will be available for download on the Order detail page.

1. Log in the administration panel and go to the **Add-ons -> Manage add-ons** page
2. Use the **Upload & install add-on** button on the top of the page to install the add-on
3. Make sure that the status of the add-on is **Active** after the installation is finished

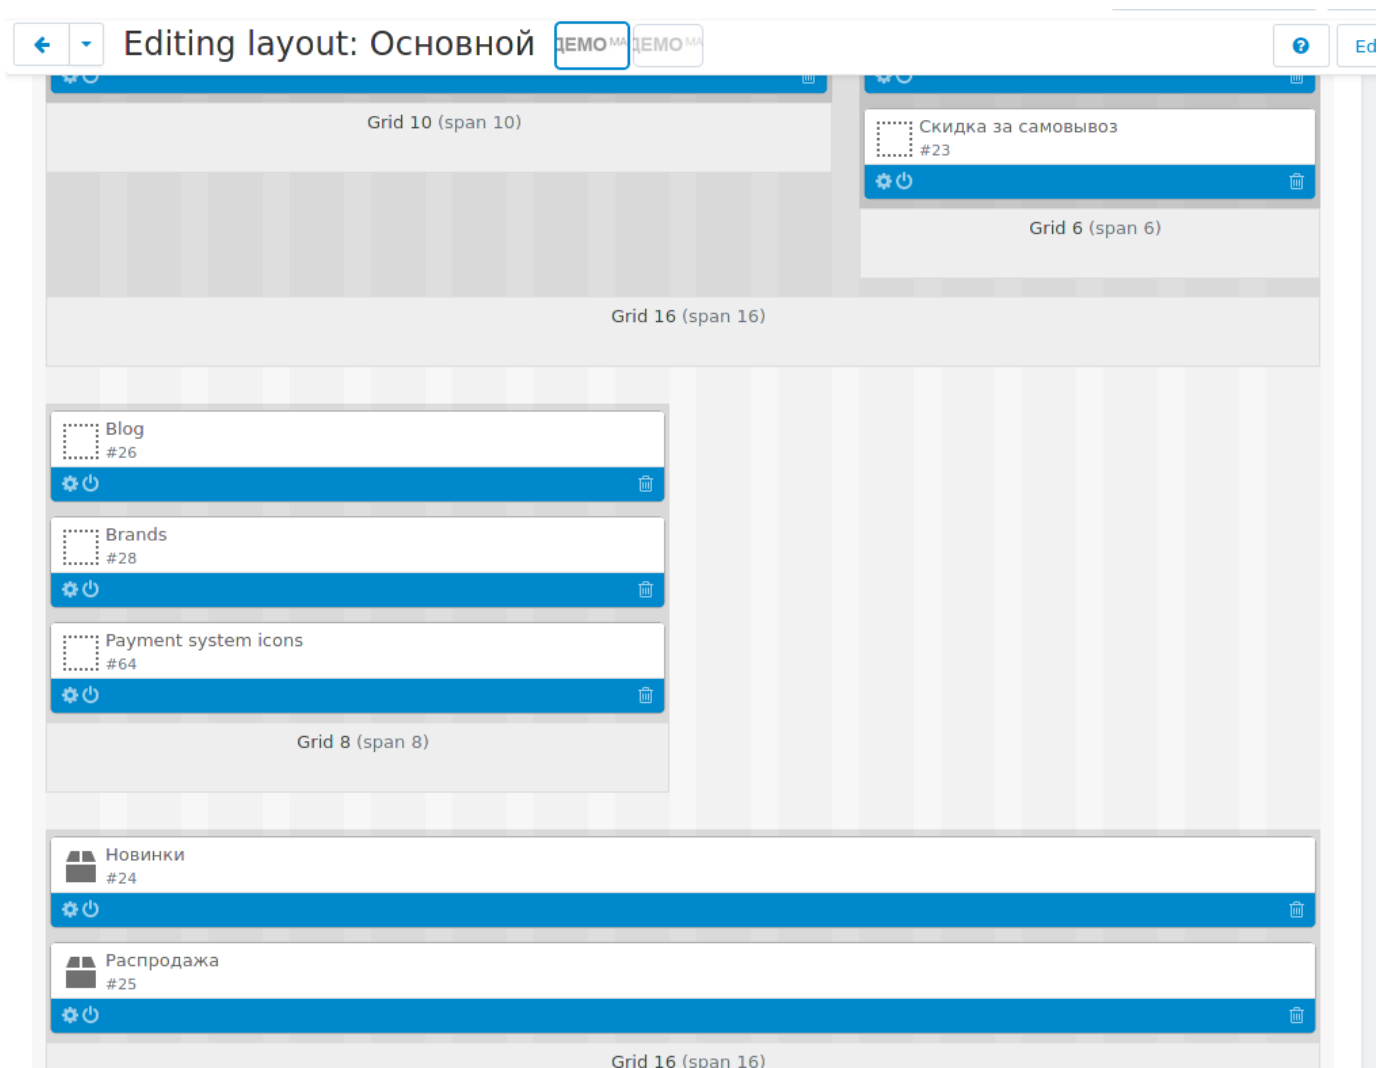

If you have any problems with add-on installation or turning it on, please contact us:

helpdesk@ecom-labs.com

3. Add-on settings

Go to **Design > Layouts** and select the section which blocks you want to make tabs.

For example, let's change the section 8 on the homepage:

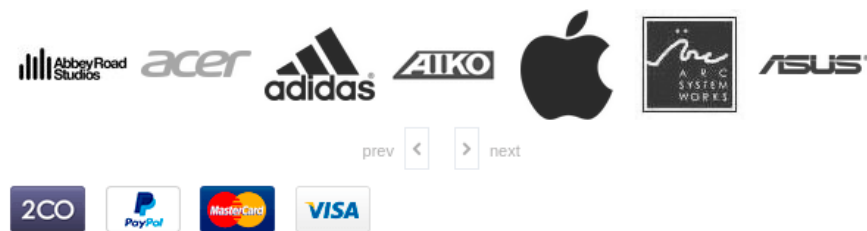

This section looks like that in the window before the changes:

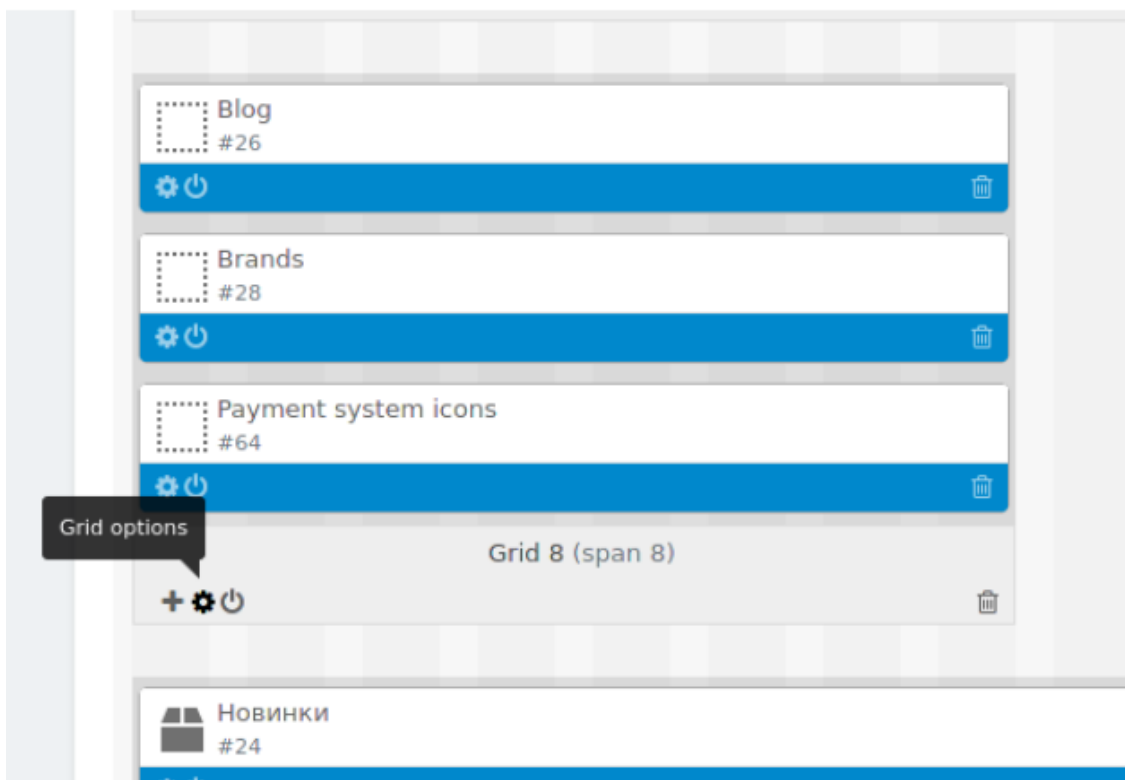

Blog

- 04/17/2022 New arrivals of Nintendo Wii games!
- 04/15/2022 Only in our store! Famous American WeatherMaster tents!
- 04/14/2022 Looking for a keypad Nokia phone and can't find one? We still have them!
- 04/14/2022 We got the best tracks of legendary B.B.King.
- 04/13/2022 True American classic! Drifter cruisers.

[VIEW ALL](#)

Let's go back to the admin panel and go to the settings of section 8, to do this you have to hover over the section by clicking on the "gear":

It is necessary to tick the "Tabbed blocks" field:

Editing grid

General

Width

8

The available values depend on the size and offset of parent and nested elements.

Content alignment

Full width

Wrapper

None

Offset

0

The available values depend on the size and offset of parent and nested elements.

User-defined CSS class

cm-tabs-blocks

Show on *

Phone

Tablet

Desktop

Tabbed blocks

☒

Cancel

Save

Now this section looks like this, there are tabs for each section block:
