

How to choose the best program?

Once you decide for the admission process at ABC , we sincerely advise to check the relevancy of the program with previous qualification to avoid study permit refusal. . Such as if a student is willing to enroll for Accounting and Payroll Adm. The previous qualification should preferably be related to management or accounting programs. Please check the subjects(course)percentage as well and generally a minimum 60% is required to enroll in the program. The selection of the program should be based on the question that How will you utilize the Canadian study program upon your return to your home country?

1. If the student has done bachelor's or master's degree you should choose a program carefully either Diplomas or PG Diplomas. Importantly, look for the difference between the previous study program and the new program, such as previous subjects and new subjects you are going to learn. How an intended study program will be beneficial to you in your career development when you will go back to your home country in the future after study.

2. In case of Education + Experience

If the student has done BCOM but experience is in Supply Chain Management and Logistics, the intended program should be selected based on experience.

3. Make sure to consider previous refusal and reasons for refusal. Please go to the refusal page in detail

4. If the student is from Arts (Humanities) background, intended programs may be likely Early Childhood, Human Services Counselor and Business Management based on the marks / grades obtained in past studies.
