Kitchen Blinds

Measurement and installation services may be provided by an employee of The Shade Store or by an independent third party subcontractor/installer that is part of our local installer network. Solar shades in the kitchen are a great choice when you have a gorgeous backyard to view. Enter your email for product updates, design & maintenance tips and marketing offers. Shutters, custom graphic shades, commercial/dealer orders are not covered.

However, if your windows are away from messy areas, you may be able to choose your window treatments based solely on appearance, opting for a charming Relaxed or Tulip Roman Shade. To many, the kitchen is the center of the home where many families gather. You want to put something beautiful that lets light in, therefore a faux wood blind is a perfect choice. You can tilt the slats to let just the right amount of light to come through while still offering you privacy. You can add hold down brackets to the bottom rail of these blinds to keep the blind from moving back and forth.

The Shade Store offers its customers free measurement services to facilitate the ordering process. Measurements are the property of The Shade Store and will not be shared with customers. Choose from four styles and 100+ materials, including eco-friendly and sustainable styles like Somerset and Sienna.

Complete the look of any room in your home with cut-to-width or custom blinds from The Home Depot. Whether you're looking to let the sunshine in or want some added privacy, we have a large selection of blinds designed to work perfectly for you. Choose from all the latest on-trend colors, styles, sizes and features.

Humidity from the dishwasher or washing machine or stains from food preparation and cooking. Our range includes made-to-measure window treatments not only look superb but offer practical features for your kitchen, with easy to clean and water-resistant materials. A great kitchen window treatment for softening the look of stainless steel and kitchen appliances, woven wood shades are made from natural materials, such as bamboo, grasses, reeds and jute. Nice thing, if you get a lot of sun in your kitchen, woven wood shades are durable and can hold their shape over time. In fact, Provenance® Woven Wood Shades are designed specifically to minimize stretching, bowing, braking and fading.

Our blinds are covered by a general warranty that guarantees your product to be free of defects. If there is any issue with your blinds, be it broken slats or motorization features that don't work

as they should, you can return them to us and we'll fix the problem. Product Advisor Find the right window treatment based on your shape, light/privacy, material, control, and feature needs.

Following the easy measuring instructions will ensure a proper fit, however, we all make errors from time to time and this protection plan covers any mis-measurement mistakes. If the window coverings do not fit, please let us know within 30 days of receiving the items. All remakes will have to be remade in the same color, feature and specifications, no changes are allowed. Several types of window blinds attach to your window frame with no drilling needed. Other options in shades can be mounted inside or outside the window frame, or in the ceiling .
