

Cheftopia Sukkot Cooking Club

This Club explores Sukkot, the Jewish holiday celebrating the fall harvest and the forty years spent in the desert after escaping slavery in Egypt. Students will mix math and taste geography while acquiring cooking skills like cracking eggs, measuring dry ingredients, liquids, and more in an exciting learning environment. All chopping and baked goodies are prepared by Mrs. Poweleit prior to class so knives and hot materials aren't used by students.

**Please contact the instructor, Nancy Poweleit
(nancy.poweleit@gcsaz.org) for the
registration link!**
