Uncommitted PA is proud to announce that the campaign has notified all 67 counties across the commonwealth of Pennsylvania of the coordinated “Uncommitted” write-in campaign ahead of the primary to ensure all votes are counted. As of this Friday, all county board of elections and the secretary of state’s office have been notified of the campaign. In this process, we have certified that all write-in votes will be counted. Voters can write in “Uncommitted” both by mail and at the polls on Election Day and their vote will be tabulated as part of the total write-in votes for the county.

The campaign is analyzing statewide trends for write-in votes from previous election cycles and will be claiming all write-ins above the expected totals for the April 23rd primary, as the “Uncommitted Vote”. As it stands, most jurisdictions will report out write-in totals by the Friday after the election.

Additionally, Uncommitted PA has amassed 47 endorsements from a diverse array of organizations across the Commonwealth and will be financially supported by Emgage Action to turn out the write-in vote for “Uncommitted” in Pennsylvania’s April 23rd Primary Election. New endorsers of the coalition include PA Stands Up and Straight Ahead.

Writing in “Uncommitted” sends a clear warning about voters’ sentiments across the state in the lead-up to the November election, calling for a drastic change in course by the Biden administration. The demands are simple: a permanent and immediate ceasefire in Gaza, full reinstatement of humanitarian aid and UNRWA funding, an end of US aid to Israel, and an end to the siege on Palestinians in Gaza.
