What relevant community experience and/or employment do you have that you feel can benefit the BlueSky Board?

I have 15+ years of experience in all facets of technology, including digital, infrastructure, software development, contact center technologies and project management. In addition, I have extensive hands-on experience in business and technology operations, and financial management. I believe that I will bring a different perspective to the board of directors and will be able to contribute to the advancement of the school and its students.

What area(s) of expertise/contributions do you feel you can make to BlueSky Charter School as a Board Director?

Technology, business operations, financial management, project management, contact center and diversity, equity, and inclusion (DE&I)

If you are an employee of BlueSky, how do you expect you will be able to separate your role as a Board member from that of a staff member?

N/A

If you are not an employee of BlueSky, do you have any charter school experience?

No

Why are you interested in serving as a Board Director of BlueSky Charter School?

I have been looking to serve on a board of directors for a company, or educational institution, that I am passionate about its mission, and I feel that I can add value. I also think this a great opportunity for me to further my career growth and contribute to the board at BlueSky Charter School in ways that may not exist today.

Do you have other volunteer commitments? If so, please indicate below.

Yes – I coach my son's youth football team.
