- DSS 100 Excel Competency is a one credit online course that must be completed by the end of freshman year. The course is offered in fall and spring semesters and is a pre-requisite for ACC 102 and DSS 200.
- Finance majors must take at least one course in **Calculus** (MAT 123, MAT 155, MAT 161, or higher). MAT 123 is **required** for students who did not take MAT 155, MAT 161, or receive credit for AP Calculus. MAT 123 fulfills the ILC requirement, not the Math Beauty requirement, so an **additional** Math Beauty course must be taken.
- DSS 210 is a pre-req for DSS 220 and should be taken first, DSS 200 is not and can be taken either semester.
- To satisfy the natural science requirement, the student may take either one 4-credit laboratory course or two 3-credit non-laboratory courses. If choosing the 2 semester option, the second course replaces an elective
- **Overlays:** In selecting courses, all students are required to identify courses that meet the overlay requirements in the areas of 1) Diversity, Globalization or Non-Western Area Studies, 2) Ethics Intensive and 3) Writing Intensive. Students in the Class of 2025 forward must also complete an additional Diversity overlay (4th overlay). Many of the courses already in your schedule may cover these overlays.
