

CHOOSING CHARACTER'S BODY SHAPE

TEMPLATE : FEMALE

RULES

- You need to credit me on Instagram (if you post it on Instagram)
- You need to screenshot the scene and post it in your story * MUST TAG ME

NOTES : You can use this template for free. If you think that this template helps you a lot , you can support me by buying me a ko-fi.

(you will be able to request for coding help and also a template if you buy me a ko-fi)

WHAT YOU MUST DO !

- CREATE 3 CHARACTERS WITH THE THREE DIFFERENT BODY SHAPE
 - NAME THEM : **FEMALE GENERIC , FEMALE ATHLETIC , FEMALE SOFT**
 - THESE THREE CHARACTERS MUST *LOOK THE SAME* LIKE YOUR MAIN CHARACTER
 - I ADVISE YOU TO PUT THIS BEFORE YOUR CUSTOMISATION TEMPLATE
 - It's easier for you if you use the background / overlay name that i provided (INT.GLOW , ONE , TWO , THREE)
 - CHANGE THE FEMALE CHARACTER NAME TO YOUR CHARACTER'S NAME
1. Highlight the name “ FEMALE CHARACTER “ in the template
 2. Highlight it
 3. Click CTRL+F
 4. A small box / column will appear
 5. Click “ ALL “
 6. You will realize all the “ FEMALE CHARACTER “ words will be highlighted
 7. Then , just type your character's name on it
 8. That's all

INT.GLOW

@transition fade in black 5

readerMessage Follow @epy.choloco.d on Instagram with messageTitle Intro template made by Choloco.D

@FEMALE CHARACTER enters from left to screen center

@zoom reset

NARRATOR

Now , you will need to choose the body shape for your character.

@overlay ONE create

@overlay ONE shifts to 216 353 in zone 1 using easebounceout

@overlay ONE scales to 0.314 0.314
