# Background and experience

Stichting yEUth is a fully motivated, aspiring, enthusiastic and passionate member of the Dutch and European Civil Society, which wishes to make a difference and create an impact.

Stichting yEUth is seated in the beautiful city of Leiden, a city full of young people and students, which is actually the target group of our work: Youth Empowerment. We have the vision, and we are ready for our mission. We are lucky to have already acquired a rich and multifaceted experience from our participation in various youth empowerment ERASMUS+projects, and through our work we keep enriching it and getting the full benefit out of it so that we can multiply the impact of these projects on Dutch youth life.

The members of our Organisation come from different backgrounds, bringing in versatile strengths, interests, experiences and capacities, which combined make a strong team, able to take up all fields of responsibilities associated with project implementation (e.g. organisation & event management, educational content development, team management, dissemination & promotion activities, etc). We met through our participation in Erasmus Projects and discovered that we share the same motivation to impact our societies through youth empowerment, active engagement and multicultural exchange. We pursue our common goals by "transmitting" the Erasmus+ values to as many youngsters in the Netherlands and Europe as possible.

All the members of our organisation are actively involved in their local community and have extensive experience as participants in various European projects, seminars, student exchanges, summer schools, youth internships, volunteering activities, advocacy actions, etc, at a local and international level.

Through our volunteering experience, our participation in many non-formal education and life-long learning contexts, and our diverse educational background, we have cultivated excellent skills and expertise in team management and project organisation, and a very strong motivation to promote a multicultural and active way of living by involving the youth of Europe in international exchanges and civil society actions.

We try to work efficiently and reliably to meet the following objectives:

- The development and implementation of initiatives and actions that empower youth, women and vulnerable social groups and promote social inclusion and integration.
- The planning, organisation and implementation of non-formal and formal education and training programs

- Skills acquisition and know-how transfer training sessions and projects, as well as the development of think tanks on human rights and sustainable development
- The development of professional and social networking of civil society organisations and the expansion of their knowledge base.
- The preparation of proposals and the implementation /management of EU and other projects related to the general objectives of the organisation.
- Participation in research programs, the promotion of research and innovation and the utilisation of experiences, good practices and synergies with bodies having related objectives.
- Planning and implementation of projects relating to the organisation of cultural, environmental, sociopolitical and socioeconomic events aiming at civic participation and promotion of democracy at all levels of everyday life.
- Planning interventions to counteract unemployment and social exclusion, boost employment, and promote civil society's contribution to the universal respect of human rights, peace and sustainable development

# What are the activities and experiences of the organisation in youth work?

We are committed to empowering young people through non-formal education, intercultural dialogue, and active participation in society. Alongside our international Erasmus+ projects, we are actively engaged in our local community. We implement events and activities in cooperation with youth associations and student organisations locally, ensuring that young people in our city have opportunities to learn, connect, and take initiative. Our work is supported by three dedicated volunteering groups who strengthen our capacity in specific areas: one team focuses on dissemination and outreach, another on proposal writing and project development, and a third on facilitation and implementation of workshops and exchanges. We combine local impact with international experience, supporting youth and youth workers in developing skills, resilience, and active citizenship.

#### **Members**

#### Alexia Kakourou - President

Alexia Kakourou has an accumulated and multifaceted experience in various fields related to youth empowerment. She holds a PhD degree in Biostatistics from LUMC University, and as a researcher, she has been involved in the investigation of Bioethics in social life, as well as in the study of learning and brain function assessment.

She has also worked as a consultant for the Greek Ministry of Education and has specialised in monitoring Tertiary (University) Education interventions and programs of Study.

Alexia has participated in several studies linking education to employability and entrepreneurship as well as in research for combating unemployment. She has participated in many youth mobility projects in several countries as a leader. In parallel, she is an activist for human rights and has participated in events in the context of United Nations sessions and protests in front of the Broken Chair at the UN in Geneva, CH.

Her interests include environmental Education, and she has worked for an Action Plan for the environmental education Study on the Socioeconomic and Educational Evolution of "Second Chance School graduates" in Greece for the General Secretary of Lifelong Education. She has also worked on a study on the adaptation to climate change for the student population of the Region of Central Greece.

Last but not least, one of her major concerns is the power of Art and especially Dance as a tool for youth empowerment, combating xenophobia and prejudices and as an expression of self in difficult milieus. Her active participation in various art events and festivals has strengthened her conviction that Art is a powerful tool to bring up social change.

Speaking fluently three European languages and communicating in a fourth one, having travelled a lot and having lived and studied in Greece and the Netherlands, reinforces her international profile and her vision to enhance European Unity and Solidarity.

#### Luka van der Leer - Youth Worker

Luka is a highly motivated and creative Youth Worker with studies in Fine Arts in Education at the Hogeschool voor de Kunsten in Utrecht. With extensive international experience and a rich background in both formal and non-formal education, Luka has been actively involved in youth exchanges, workshops, and sustainable development initiatives, demonstrating a strong commitment to the exchange of knowledge and cross-cultural collaboration.

Stichting yEUth highlights skills in social media management, facilitation, and organisation, which are crucial for the successful execution of Erasmus+ projects. Fluent in multiple languages, including English and Dutch, Luka is well-equipped to navigate the diverse and dynamic environments that ERASMUS+ programs often entail. Her passion for community engagement and education, coupled with a solid foundation in the arts, positions Luka as an invaluable contributor to projects that aim to foster growth, sustainability, and intercultural understanding among European youth.

Mentor of the "Facilitation" Volunteering Team.

## <u>Adam Oskar Nieweglowski - Youth Worker</u>

Adam-Oskar is a dynamic youth worker with accumulated experience in working with youth empowerment and cultural diversity, having lived and studied in China, Poland, and Spain. He holds two master's degrees, in Chinese philology and translation studies. Fluent in four languages and conversant in two others, his linguistic abilities are complemented by his entrepreneurial spirit. He has collaborated with yEUth as a young entrepreneur, a volunteer, and a Youth Worker. His work at yEUth is marked by his enthusiasm, communication skills, his passion for modern psychology, and the use of new technologies as powerful tools for driving social change. With a strong commitment to making a positive impact, Adam is a valuable asset to yEUth's team, blending innovation with a deep understanding of global and cultural dynamics.

Mentor of the "Social Media and Dissemination" & "Local Volunteering" Teams.

### Monika Ciennik - Youth Worker

Monika Ciennik is a dedicated and versatile Youth Worker with a background in Adult Education (B.C.) and Tourism (M.A.). Since 2022, she has been actively involved in Erasmus+ projects, bringing her expertise as a teacher, mentor, coach, and facilitator to both local and international initiatives. With extensive experience working with children and young people, Monika has developed a strong foundation in non-formal education, project coordination, and intercultural learning.

At Stichting yEUth, she leads the Proposal Writing Team, where her organisational skills, creativity, and passion for inclusive education contribute to the successful development of impactful youth initiatives. Deeply interested in languages, folklore, and cultural exchange, Monika brings a rich perspective to every project she engages in. Her commitment to lifelong learning and empowering young people makes her an invaluable member of the yEUth community.

Mentor of the "Proposal Writing" Team.
