

Profile A driven student eager to apply my skills and expand my expertise in a dynamic work environment.

Skills

Strong Problem-Solving Ability
Through my projects, college coursework and a natural passion for solving complex problems, I have developed the technical skills and analytical mindset needed to overcome a wide variety of obstacles.

Excellent Communication Skills
Engaging extensively in debating throughout my academic years significantly enhanced my communication skills, fostering the ability to articulate ideas persuasively and think critically.

Capable of working independently or as part of a team.
I successfully orchestrated a 500+ person pre-debs event completely on my own at 17. This involved coordinating with venues, managing transportation logistics, and overseeing a team of ticket distributors, highlighting my proficiency in efficient project management.

Tech Made Easy 2023-2025
Founder

As the founder of a tech support business, I specialize in delivering personalized assistance to elderly and less tech-savvy individuals. My services include computer repairs, device setup, and providing clear, practical advice.

The Hardware Store 2023-2025
Sales Assistant/ Handyman

One of three employees in a local hardware store, where I gained diverse hands-on handyman skills, from repairing electronics to fixing locks.

Investing And Entrepreneurs Society

2024-2024

Previous Committee Member

As a founding committee member, I played a crucial role in establishing the society. I helped organize initial events, propelling it to the position of fastest-growing society at the university during my tenure.

Murphy's Irish Pub (Berlin)

Summer 2024

Bartender

Worked as a bartender at Murphy's Irish Pub, one of Berlin's busiest pubs, at Checkpoint Charlie. During the 2024 Euros, one of the world's largest sporting events, I honed my ability to multitask and deliver exceptional customer service under immense pressure. I even set a bar record by selling the most t-shirts in a single day.

*Education***Technological University Dublin**
