The Love Bugs

I found a little love bug.
It was rough and red.
I put it in my hand,
And it crawled up on my head.

I found a little love bug.
It was soft and yellow.
I put it in my pocket.
He was such a cute fellow!

I found a little love bug.
It was fuzzy and pink.
It looked me right in the eye
And gave me a wink.

I found a little love bug.
It was bumpy green.
He was the cutest thing
I had ever seen.

I found a little love bug.
It was slick and blue.
It walked right up my arm,
And said, “Good day to you.”

I have 5 little love bugs:
Red, yellow, pink, green, blue.
They all want to help me say,
“I love you!”
