

Dear Sir/Madam,

Thank you for your interest in the Open Calls Network and for being open to sharing!

In this document, you will find a sample text you can edit, as well as images to attach to your posts on social media, your website or in your newsletter.

Sample social media/newsletter/website text:

The 'Restore our Oceans and Waters' webinar by the Open Calls Network will take place on Tuesday 13 September 2022, from 16:00 to 17:30 CET.

Keynote speaker: Dr Steef Peters, Scientific Director of Water Insight.

Dr. Peters will provide you with an introduction to monitoring water quality from space, and how it can assist water authorities, water managers, fish farmers and other stakeholders.

He will show examples from EU projects such as CoastObs, EOMORES, e-Shape, TAPAS, and AQUA-USERS, and share his experience as the coordinator for some of these projects.

In our webinar you will have the opportunity to:

- Present your organisation or project in a one-minute pitch
- Learn about the best open funding calls for your organisation
- Meet potential consortium partners.

About the speaker:

Dr Steef Peters (M) is the scientific director of Water Insight B.V. He has a PhD in Hydrology (Free University Amsterdam). His expertise is in remote sensing of inland and coastal waters. Dr Steef Peters is specialised in physical modelling, remote sensing of water quality, atmospheric correction, in situ monitoring options, in situ instrument design and software development. Additional interests include climate- and water resource management applications of remote sensing and spatial management of land and water resources.

Dr Peters worked as an assistant professor at the Free University of Amsterdam, where he coordinated the 'CoBIOS' EU-FP7 project and the 'REVAMP' EU-FP5 project. Later at Water Insight he coordinated the FP7 GLaSS and H2020 CoastObs projects. He is a partner in the H2020 Water-ForCE project.

Dr Peters supervised a number of PhD. and MSc. students and is involved in the GEO-AQUAWATCH project

Thank you for your help in promoting our webinar. Feel free to contact us for promotion of the activities of your organisation through our channels. If you have any questions, please contact Katya Rutkovskaya on:

About the Open Calls Network:

The Open Calls Network is an initiative of the Netherlands Space Office, in collaboration with dotSPACE. It aims at increasing awareness of funding opportunities for Dutch and European space (data) organisations. As part of this network we are organising a series of webinars, as well as a dedicated LinkedIn page. During the 4th webinar we will focus on the topic "Restore our Oceans and Waters"
