

Help Harry

Your task: To design and build a perch for Harry so he can more easily see around our classroom.

Your goal is to build a free-standing structure, supported only by the desktop that will get him as high as possible above your desktop without putting his safety at risk.

You will have: 5 minutes to think and plan
15 minutes to build
8 minutes to test and make necessary modifications
2 minutes to score points and evaluate teamwork

Scoring

Your perch supported Harry for at least 10 seconds 20 points
Every inch of height 2 points
Creativity of Design 1-10 points

Teamwork

How much did everyone participate equally? 5 4 3 2 1
How successful was your perch? 5 4 3 2 1
Did people ask for help and offer help? 5 4 3 2 1
Did people stay focused and on task? 5 4 3 2 1
Did your team enjoy the activity? 5 4 3 2 1
