

<b>Urban issues and challenges Retrieval Checklist Card</b>		✓	CGP page	Case study booklet page	Quiz
<b>Urban world</b>					
1	I can explain how <b>urbanisation</b> has happened at different rates and at different times in different parts of the world making reference to LICs and HICs.		69		1
2	I can explain how natural increase and migration cause urbanisation to happen		69		
3	I can describe the emergence of megacities		69		
<b>Case study of a city in a LIC or NEE - Rio</b>					
4	I can explain why <b>Rio</b> is important <b>regionally, nationally and internationally</b>			13	2
5	I can explain why and how <b>Rio</b> has grown				
6	I can describe, explain and evaluate the <b>opportunities</b> in <b>Rio</b> including: <ul style="list-style-type: none"> <li>1. Access to services –</li> <li>2. Access to services - education</li> <li>3. Access to resources - water supply</li> <li>4. Access to resources - energy</li> <li>5. How urban industrial areas can promote economic development</li> </ul>			14	
7	I can describe, explain and evaluate the <b>challenges</b> in <b>Rio</b> including: <ul style="list-style-type: none"> <li>1. Managing urban growth – slums, squatter settlements</li> <li>2. Clean water, sanitation systems and energy</li> <li>3. Access to services – health and education</li> <li>4. Unemployment and crime</li> <li>5. Managing environmental issues – waste disposal, air and water pollution, traffic congestion.</li> </ul>			15	
8	<u>Using an example</u> , I can explain how urban planning improves <b>quality of lives</b> for the <b>urban poor</b> ( <b>Favela Bairro Project</b> )			16	
<b>Case study of a city in a HIC - Newcastle</b>					
9	I can describe the distribution of urban population in the UK		73		
10	I can explain why <b>Newcastle</b> is important <b>to the UK and the wider world</b>			17	3
11	I can explain how <b>Newcastle</b> has changed				
12	I can explain the impact of national and international migration on the growth and character of <b>Newcastle</b>			18	
13	I can describe, explain and assess the <b>opportunities</b> in <b>Newcastle</b> including <ul style="list-style-type: none"> <li>1. Cultural mix</li> <li>2. Recreation</li> <li>3. Entertainment</li> <li>4. Employment</li> <li>5. Integrated transport systems</li> <li>6. Urban greening</li> </ul>			19	
14	I can describe, explain and assess the <b>challenges</b> in <b>Newcastle</b> including <ul style="list-style-type: none"> <li>1. Inequalities in housing, education and employment.</li> <li>2. Urban deprivation</li> <li>3. Dereliction of buildings</li> <li>4. Building on <b>brown</b> and <b>greenfield</b> sites.</li> <li>5. Water disposal</li> <li>6. Urban sprawl on the rural – urban fringe and of commuter towns</li> </ul>			20	
15	<u>Using an example</u> I can explain why regeneration takes place and describe the main features ( <b>Quayside regeneration</b> )			21	
<b>Urban sustainability</b>					
16	I can describe how people can live more <b>sustainably</b>		77-78		4
17	I can explain how <b>sustainable urban living</b> can conserve water and energy and create more green space.		77-78		
18	I can explain how urban transport strategies are used to reduce traffic congestion .		179		

<b>The changing economic world Retrieval Checklist Card</b>		✓	CGP page	Case study booklet page	Quiz
<b>The development gap</b>					
	I can describe the methods of classifying countries and use different <b>development indicators</b> .		81-82		1
	I can evaluate the use of different <b>developmental indicators</b> .		81-82		
	I can use the <b>Demographic Transition Model</b> to explain the link between changing population structure and level of development.		83		
	I can explain the causes of <b>uneven development</b> : Physical, Economic, Historical		84-85		2
	I can explain the consequences of <b>uneven development</b> disparities in wealth and health, international migration.		85		
	I can explain how the <b>development gap</b> can be reduced looking at: 1. Investment 2. Industrial development and tourism 3. Aid 4. Using intermediate technology 5. Fairtrade 6. Debt relief 7. Microfinance loans.		86-87		
	I can <u>use an example</u> to show how tourism in an LIC can help to reduce the development gap <u>(Kenya)</u>		87	22	
<b>Case study of the LIC or NEE - Nigeria</b>					
	I can explain why Nigeria is important regionally and globally			23	3
	I can describe the environmental, political, social and cultural context			24	
	I can describe the changing <b>industrial structure</b> in Nigeria			25	
	I can explain how manufacturing can stimulate <b>economic growth</b>			26	
	I can define a <b>Transnational Corporation (TNC)</b>			27	
	I can explain the advantages and disadvantages of TNCs <u>(Shell)</u>			28	
	I can describe how <b>politics</b> and <b>trading relationships</b> have changed over time.			29	
	I can describe types of international aid and the impacts of aid on the receiving country <u>(Nets for Life)</u>				
	I can explain the <b>environmental</b> impacts of <b>economic development</b> .				
	I can explain and evaluate impacts of <b>economic development</b> on the quality of life of the population				
<b>Economy of the UK</b>					
	I can explain why <b>deindustrialisation</b> has occurred in the <b>UK</b> (globalisation, government policies and deindustrialisation)		91	30	4
	I can describe the features of a post industrial economy in the UK		91	31	
	I can explain how modern industry in the UK can impact the environment		92	33	
	I can explain, <u>using an example</u> , how modern industry can reduce its impact upon the environment and become more <b>sustainable</b> <u>(Teesside)</u>			33	6
	I can <u>use an example</u> to explain the social and economic impacts of <b>population growth</b> on a <b>rural landscape</b> . <u>(South Cambridgeshire)</u>			32	
	I can <u>use an example</u> to explain the social and economic impacts of <b>population decline</b> on a <b>rural landscape</b> . <u>(Outer Hebrides)</u>				
	I can describe and explain how transport infrastructure improvements are affecting the UK economy (road, rail, port and airports)		92	34	
	I can describe the North – South divide in the UK.		93	35	
	I can evaluate and explain the strategies used to solve <b>regional differences</b> within the UK.		94		
	I can examine the <b>global links</b> made with the wider world through trade, culture, increased communication, economics and <b>political groupings</b> such as the commonwealth and the European Union.		92	36	

<b>Resource Management Retrieval Checklist Card</b>		✓	CGP page	Case study booklet page	Quiz
<b>Global distribution of resources</b>					
1	I can describe the importance of <b>food, water and energy</b> to the economic and social well being.		96		1
2	I can give an overview of global inequalities in the supply and consumption of resources.		96		
3	I can explain the <b>changing demand</b> for for high-value food exports from low income countries and all-year demand for seasonal food and organic produce		97		
4	I can explain the larger carbon footprints due to the increasing number of 'food miles' travelled, and moves towards local sourcing of food		97		
5	I can describe the different industries involved in agriculture ( <b>agribusiness</b> ) and explain how they are changing in the UK.		97		
6	I can explain the changing <b>demand</b> for water in the UK.		98		2
7	I can describe the problems with <b>water quality</b> and <b>pollution</b> in the UK and how they can be managed.		98		
8	I can explain how the UK is trying to manage water to meet <b>supply</b> and <b>demand</b> in areas of deficit and surplus		98		
9	I can explain the UKs need for <b>water transfer</b> to maintain supplies.		98		
10	I can describe how the UK's energy mix has changed		99		
11	I can explain how the UK can reduce its reliance on <b>fossil fuels</b> .		99		
12	I can describe and explain the economic and environmental issues with exploitation of energy sources.		99		
<b>Resource management option: Water</b>					
13	I can describe the global distribution of water resources both <b>surplus</b> and <b>deficit</b>		107		3
14	I can explain why water consumption is increasing globally		107		
15	I can explain and assess the different factors which affect <b>water availability</b> including: <ul style="list-style-type: none"> <li>● Climate</li> <li>● Geology</li> <li>● Pollution of supply</li> <li>● Over-abstraction</li> <li>● Limited infrastructure</li> <li>● Poverty.</li> </ul>		108		
16	I can analyse the impacts of water insecurity including: waterborne disease <ul style="list-style-type: none"> <li>● Water pollution</li> <li>● Food production</li> <li>● Industrial output</li> <li>● The potential for conflict where demand exceeds supply.</li> </ul>		108		
17	I can explain and evaluate how <b>water supplies</b> can be managed to increase supply in certain areas		109		
18	I can <u>use an example</u> of a large scale water <b>transfers scheme</b> to show it has both advantages and disadvantages ( <u>China south to north water transfer</u> )		110	37	
19	I can explain how water resources can be managed <b>sustainably</b>		111		
20	I can <u>use an example</u> of a <b>local scheme</b> which has managed <b>water sustainably</b> to increase water supplies. ( <u>Sand dams in Kitui, a region in Kenya</u> )		111	38
