Script:

(Please keep in mind that the following script is simply a suggestion. Please feel free to alter it and make it your own by sharing your own story!)

Hello, my name is _____, and I am contacting you about Dekalb County's water debt crisis.

Even though Dekalb County promised long overdue improvements to the water bill dispute and billing process, residents are *still* receiving unbelievably high bills without explanation.

Dekalb executives must reinstate the moratorium on water disconnections and lien placements, and cancel all outstanding water debt.

Thank you.
