

Las Lomas Bias Incident Report

January 2022 & February 2022

The Las Lomas Bias Incident Report Team (BIRT) meets weekly to examine and respond to incidents of bias that are reported to the district [biased report form](#). The primary function of the team is to keep a record of biased incidents, provide care for the reporters who experienced/reported the biased incident, and to promote conversation about bias, diversity and equity issues on campus. Although students can report anonymously, those who do not, can be followed up with so that we can listen to their experiences, discuss the resources available to them and when applicable, recommend appropriate actions to the administration that are both preventative and responsive.

The Las Lomas Bias Incident Report Team (BIRT) is NOT a crisis response team, or a disciplinary body. Therefore this report only intended to provide transparency for the community and accountability for addressing patterns and/or trends that may call for structural or cultural changes to occur.

Summary

We have noticed that anonymous entries limit our ability to fully address these incidents, and we would like to develop a culture of trust that will allow us to not only address the harmful acts, but also follow up and help those who were harmed.

A BIRT member follows up with all incidents (except in cases of anonymous reporting).

BIRT teams across the district are collaborating and creating charts and follow-up email scaffolds.

All BIRT teams are waiting on communication from DO as to how to proceed.
